

## LED电源芯片AP3772，丝印代码GKA，GKB，GKC

|      |                                  |
|------|----------------------------------|
| 产品名称 | LED电源芯片AP3772，丝印代码GKA，GKB，GKC    |
| 公司名称 | 深圳市科瑞芯电子有限公司                     |
| 价格   | .00/PCS                          |
| 规格参数 |                                  |
| 公司地址 | 深圳市龙华新区民治街道红山路南源新村南源商业大厦11楼1105室 |
| 联系电话 | 86-75582170220 18576684954       |

## 产品详情

led电源芯片，ap3772

features • primary side control for tight constant current and constant voltage • 30mw no-load input power • excellent dynamic performance with ap4340 • bipolar junction transistor (bjt) driving • proprietary adjustable line compensation for cc variation • constant and built-in 6%, 3% and no cable voltage drop compensation • enhanced audio noise suppression • open circuit protection • over voltage protection • short circuit protection • sot-23-6 package

applications • adapters/chargers for cell/cordless phones, pdas, mp3 and other portable devices • led driver • standby and auxiliary power supplies
