

## roller rock bit

产品名称	roller rock bit
公司名称	河间市瑞达石油物资有限公司
价格	面议
规格参数	
公司地址	河北省沧州市河间市北环路12号
联系电话	086-3173232136 15128736973

## 产品详情

product pictures

product detail

1.features

1.size:3 3/4" (95.3mm)~26" (660.4mm) 2.cover all all iadc code 3.reliable quality and best price

4.tungsten carbide insert tricone bit 5.certified by iso,api

2.advantage

1.high-strength, high flexibility, high temperature, high wear resistance.

2. high-precision metal seal.

3. locking roller ball, to adapt to high-speed.

4. the use of high strength high toughness carbide teeth.

5. hours in the rotary cone bit with the impact, crushing and shearing the role of broken rock.

6. cone bit to adapt to the soft, medium and hard of various strata.

7. reasonable price and long working life.

### 3.specifications

model	button/insert tooth bit    milld/steel tooth bit
iadc code	116 117 12 6127 136 137 216 217 226 226 316 317 326 327 336 337 115 125 135 215 225 235 315 325 335 114 124 214 314 111 121 131 346 347
	417 427 437 517 527 537 617 627 637 737 837 832 415 425 435 445 525 625 635 416 427 436 446 447 516 526 537 547 516 536 535
available sizes:	from 2 7/8 to 26 "  larger sizes for hole opener bit ,reamer bit
advantage	most favourable price and best quality
bearing type:	sealed bearing and non-sealed bearing  hj(metal sealed journal bearing)  ha (rubber sealed journal bearing  aircooled bearing type
formation or layer	soft ,medium soft ,hard,medium hard,very hard formation
button size (extra features)	button bit,saw teeth  1) y-conical teeth  2) x-chisel teeth  3)k- wide teeth  4)g- gague protection
material	alloy steel ,carbide

packing	wooden case or steel case
payment terms	t/t,l/c,western union
delivery terms	by sea or by air
delivery time	within 3 to 7 days
market	canada, usa,middle east ,africa,europe
application	petroleum&gas water well ,mining and tectonic industries ,oil field, construction, geothermal, directional boring, and underground foundation work

4,contact person
