About this love, Zheng Shuang chose to list the 100 "love thing" as a souvenir: "I don't love secretive. I even love you are kissing in public places, because I know you at that moment I was the only one, although we are very shy, but that moment other people are not there, I do not want you, just when can't sleep, you are in my head." She even mentioned that when he slept, he secretly measured his fingers and fingers, hoping to surprise the other day.

Unfortunately, this love affair has changed, "support you to do anything, even if just want to play with feelings, I can accept your indulgence", "in the United States in June, miss you.". Texting you all the time. "And you ignore me and we've split up for half a year," Zheng Shuang said. "I'd never want to meet you if I gave my choice."".

Although Zheng Shuang did not disclose his name from A to Z, but then Hu Yanbin himself in a micro-blog, with "Zheng Shuang's book" photos, and wrote: "never thought someone would put me in a book, this moment I forgot who I was, just to support you." It seems to have indirectly admitted that the person who occupies the part of love is him.

"Zheng Shuang's book" some excerpts:

1. When you think of it, the taste bud will feel your favorite food consciously. Memories begin to act like when you eat. Sometimes you want to be thin, but I don't want your stomach upset. Together we study the calories of all foods, without the burden of losing weight and eating as much as we like.

2, sometimes deliberately let you do housework, in fact, exercise your ability to take care of me later, I am not very bad?

3, will unconsciously put all around you and your comparison, and then think of you, no one is entitled to say you are bad, in addition to me, your shortcomings are advantages, I can not understand.

4. Always hold my hand while driving. As long as I'm here, I'll have a happy smile.

5, I don't hide love. I even like to be kissed in public by you, because I know that at that moment, you only have me in my heart. Although we are all shy, there are no other people in that moment.

9, worry about you have been bullied, worried about you wronged, know that you don't want to tell me face, so it is

always a person to bear.

15, support you to do anything, even if just want to play with feelings, I can accept your indulgence.

24, I did not miss you, but when you can't sleep, you are in the head.

25, love each time you finished all your experiences in mind, know what is created in front of the big guy, or baby.

26, you become what I can accept, we first day together, I do not count to their ideas and ask questions, if you are injured, fat, invisible, incontinence, and now I still love you? I put all the fancy into, oh, I still like you so much.

31, I like when you sleep, see you again and again, and even touch the position of each eyebrow again and again, even if you are old and blind, you can clearly remember your appearance.

32, in your sleep, secretly measured your ring finger dimension, want to give you a surprise one day, the size is just good, whether it will make me very cow?

34, I don't know how much you love me, but each time it seems that I heard later that you love me so deeply.

35, the only way to get out of the whirlpool is to let me know you live better than me.

36, later I heard that you went abroad to make a wish, this wish is better than I wish you.

58, before I thought it was funny myself, but later I know I like "play" is you.
