

ATX电源PSU 12V60W-B1/100W-Y1/120W-G1 PSU 828V120W 适用迷你PC

产品名称	ATX电源PSU 12V60W-B1/100W-Y1/120W-G1 PSU 828V120W 适用迷你PC
公司名称	北京天开创新技术有限公司
价格	355.00/件
规格参数	
公司地址	中国北京市海淀区上地信息路1号2号楼20层2004室
联系电话	86 010 82894802/82894808 13810249588

产品详情

ATX Power Supply Unit PSU ATX Module-PSU_12V60W-BL

BL stand for blue, the color of the atx connector

100w dc dc atx power supply Mini ITX PSU Power supply PSU_12V100W-Y1 MIni PC Power Supply 12V,ATX Power Plug for mini PC IPC

MODEL: PSU_12V100W-Y1

YLstand for blue, the color of the atx connector

input: 12vdc

output: +5v,+12v,+3.3v,-12v,+5vsb

Maximum Combined Power : 100watts

Efficiency: not be less than 90%

Dimension: 45x31x10, unit: mm

Over Voltage Protection:

When the +12VDC, +5Vdc, and +3.3VDC output have over voltage condition, the converter shall provide latch mode over voltage protection

Environment:

Operation Temperature: 0C to 40C

Relative humidity: 20% to 85%, non-Condensing.

Shipping and storage Temperature: -20 to +60C

Relative humidity: 10% to 95%, non-Condensing.

Input: 12vdc+/-5%

Input current: 12amax

input freq: 50hz

Output Power Distribution:

Load Current (A),

+12V: 4.5a(11.5-12.5v)

+5V: 5a(4.8-5.2)

+3.3V: 5a(3.1-3.45)

-12V: 0.1a(11.0-12.4)

+5VSB: 1a(4.8-5.2)

Maximum Ripple & Noise (mVp-p)

+12V: 120

+5V: 50

+3.3V: 50

-12V: 150

+5VSB: 50

Car PC Power Supply DC-ATX Power Supply plug in power module PSU_12V120W_G1, PSU for Car PC

Environment:

Operation Temperature: 0C to 40C

Relative humidity: 20% to 85%, non-Condensing.

Shipping and storage Temperature: -20 to +60C

Relative humidity: 10% to 95%, non-Condensing.

We provide many other mini itx PSU, more, <http://www.teket.com/en/powersupply/powersupply.htm>

Teket Innovation was founded in 2003 in Beijing, China.

Nearly 20 years of experience in embedded industrial motherboards, computers, chassis, power supplies, flash memory and panel kits.

1, Motherboard: VIA, Intel and TEKET industrial grade board

<http://www.teket.com/en/motherboard/motherboard.htm>

2, Computer: Intel NUC, Zotac Zbox and TEKET fanless mini pc

<http://www.teket.com/en/minipc/minipc.htm>

3, Panel: AUO/Innolux industrial panel and TEKET touchscreen

<http://www.teket.com/en/display/display.htm>

4, Customized mini chassis and power supply

<http://www.teket.com/en/chassis/chassis.htm>

5, Infrared remote control and 2.4G/RF wireless with touchpad or trackball
