

LEVELTRONIC NT电子水平仪 瑞士WYLER水平仪

产品名称	LEVELTRONIC NT电子水平仪 瑞士WYLER水平仪
公司名称	深圳市久和顺电子科技有限公司
价格	11333.00/台
规格参数	加工定制:否 品牌:瑞士wyler水平仪 型号:leveltronicnt
公司地址	深圳市宝安区松岗街道红星社区松明大道(温屋段北)五排3号409
联系电话	0755-87657876 13510195723

产品详情

leveltronic ntleveltronic nt电子水平仪可进行导轨几何误差等平面测量。在恶劣工厂环境下仍可无误差的使用,灵敏度高达0.001mm/m.leveltronic ntin combination with levelmeter 2000 is extremely suitable for precision measurements of small angles. such measurements are particularly flatness measurements on surface plates or the measuring of geometrical features on machines of all kind.the new sensor cell made of ceramic materials and equipped with high tech electronics allows perfect applications even under extremely difficult environmental conditions with high air humidity or in the rough environment of a workshop. • precise zero-point adjustment from thelevelmeter 2000connected • sturdy, precisely machined aluminium housing for protection against external influence. complies with the high requirements of the ce normalisations and other international standards in respect of immunity against electromagnetic contamination • fully digitalised signal evaluation with electronic components of the latest technology, provides a digital as well as an analogue signal output • possibility for connection to the digital hand terminal levelmeter 2000 enabling direct linking to a pc and the measuring softwarelevelsoft pro • powered by levelmeter 2000 or optionally with standardbatteries 1.5 v, size aa • all standard measuring bases available • factory calibration possible in [arcsec] or in [μ m/m]

"批发LEVELTRONIC NT电子水平仪 瑞士WYLER水平仪"的型号为LEVELTRONICNT，放大倍数是11，品牌为瑞士WYLER水平仪，最短视距是111（m），装箱数为1，显微镜倍数是1，是否提供加工定制为否，外形尺寸是11（mm）
