

台湾鹰牌进口614平面磨床 平面磨床 平面磨床价格

产品名称	台湾鹰牌进口614平面磨床 平面磨床 平面磨床价格
公司名称	天津北丰机械设备贸易有限公司
价格	1000.00/台
规格参数	类型:平面磨床 品牌:鹰牌 重量:560 (kg)
公司地址	东丽区金钟公路3699号C7-112
联系电话	13821999497

precision surface grinder sg-614,618,618b,818b,1a618,2a618

????

machine features

The main parts of the machine such as base, column & saddle are made of "meehanite" castings which are stress released by annealing to ensure stable rigidity & high accuracy and to extend machine life.

I cross slideways adopts "double vees" to ensure the best accuracy.

I both longitudinal & cross slideways are precisely handcrafted and coated with turcite-b for smooth movement and ever low wearing.

I the automatic lubrication system is furnished as standard to provide ample lubrication on all sildeways and leadscrews enabling a smooth movement so as to minimize wearing possibility.

I the spindle is directly coupled with v-3 motor which ensures high spindle run out accuracy of 0.002mm.

I longitudinal/ cross slideways are made by full-support design to offer the high precision during movement.

I elevating movement is driven on v-type slideways, the backlash can be adjusted to match the precise movement between leadscrew & worm gear. the drive shaft is strongly supported by two bearings for smooth running and noise free.

I the precision cartridge spindle, greased & free of maintenance, is incoperated with 4 pieces of preloaded class 7 (p4) super precision angular contact ball bearing for heavy grinding.
