

潜孔钻 高效节能的电动潜孔钻机

产品名称	潜孔钻 高效节能的电动潜孔钻机
公司名称	温州工程机械有限公司
价格	15000.00/部
规格参数	品牌:温工 型号:kqd100 产品别名:潜孔钻
公司地址	温州市经济技术开发区鳌江北路
联系电话	86-057786529608 13587864537

产品详情

潜孔钻机系列产品是按照矿山特点创新设计，具有结构新颖、高效节能的特点。广泛适用于中小型矿山及国防、水利、筑路、石方工程中的炮孔凿岩作业，是实现分层开采和中深孔爆破的理想机械。将液压设计技术创新性地应用于轻型潜孔钻机中，实现高效节能。采用摆线针轮减速器，回转扭矩大，凿岩效率高。推进、回转和冲击全部以压缩空气为动力，结构简洁、动力单一、搬迁便利。独特的双消声器，消声效果好，减少了环境污染。

down the hole drill series is in accordance with the innovative design of the mine characteristics, with novel structure and high efficiency energy saving. it is widely used in small and medium-sized mines, defense engineering, water conservancy, road construction, blast hole drilling operations in rock engineering, which is ideal machine to achieve hierarchical extraction and medium deep-hole blasting. to achieve high efficiency energy- saving, the hydraulic design of technological innovation is applied to the light down the hole drill. it adopts the cycloidal gear reducer with large torque to meet high efficiency drilling. the compressed air offers power for advancing, rotating and impacting. it ' s simple structure, individual power and easy to move. the unique dual-muffler can do effective muffler to reduce the environmental pollution.

技术参数technical parameters

型号model	钻孔直径 drilling hole diameter	钻孔最大深度 drilling hole depth (m)	一次推进长度	工作压力 working pressure	钻杆规格 rod spec
---------	-----------------------------	--------------------------------	--------	-----------------------	---------------

	(mm)		push length (m)	(mpa)	
kqy90	80-100	20	1	0.5-0.7	60 ×
ksz100	80-100	20	1	0.5-0.7	60 ×
kqd100	80-100	20	1	0.5-0.7	60 ×
kqd70	60-80	15	1	0.5-0.7	40 ×

"供应潜孔钻 高效节能的电动潜孔钻机"的产品别名为潜孔钻，型号是KQD100，凿孔直径为100（mm），凿孔速度是1（mm/min），凿孔深度为25（m），适用范围是钻孔，品牌为温工
