

# 低温热封性 EAA 美国杜邦 52009

产品名称	低温热封性 EAA 美国杜邦 52009
公司名称	上海莲程塑化有限公司
价格	20.00/千克
规格参数	热熔胶:美国杜邦 耐冲击:52009 抗紫外线:美国
公司地址	上海市青浦区练塘镇章练塘路588弄15号1幢1层
联系电话	15002102307 15002102307

## 产品详情

Ethylene Acrylic Acid (EAA) is a thermoplastic elastomer used for low-temperature sealing applications. It is known for its excellent adhesion, flexibility, and resistance to UV radiation.

MI (Melt Index) is a measure of the flow of the polymer under specific conditions, indicating its viscosity and melt strength.

AA (Acrylic Acid) content affects the material's adhesion and sealing properties.
