

地埋投光灯WDM

产品名称	地埋投光灯WDM
公司名称	重庆康建光电科技有限公司
价格	800.00/件
规格参数	康建光电:20W KJ-WDM:220v 深圳/重庆:2200-6500K
公司地址	宝安区福海街道桥头社区中晟会港湾1栋A座1205
联系电话	0755-23218196 18617087788

产品详情

产品简介/Product Introduction

一、灯体使用高纯度压铸铝，型材铝预埋件，304不锈钢面罩，外观精美，导热性能优越，

灯体采用结构和灌胶双重防水，低压供电保证近人灯具的安全性。

三、独特光学设计，使地埋投光灯兼具地埋洗墙功能，与传统洗墙灯相比能镶嵌于地面之下，暗区更低

四、采用低光损加厚钢化玻璃，既保证出光效率，又具备高强度安全性

五、标准DMX512协议，可定制RDM，DALI以及0-10V控制协议。

1. The lamp body uses high-purity die-casting aluminum, aluminum profile embedded parts, 304 stainless steel cover, exquisite appearance and superior thermal conductivity. 2. The lamp body is designed with a dual waterproofing system, incorporating both structural sealing and resin filling. Low-voltage power supply ensures the safety of lighting fixtures in proximity to individuals, and anti-glare instructions have been included. 3. Unique optical design, so that the buried cast light both has wall washing function, compared with the traditional wall washing light can be

embedded under the ground, the dark area is lower.

4. The use of low light loss thickened tempered glass not only ensures light efficiency, but also has high strength safety.

5. Standard DMX512 protocol, customizable RDM DALI and 0-10V control protocol.
