

韩国MKC蓄电池MCK1207船舶绿色能源

产品名称	韩国MKC蓄电池MCK1207船舶绿色能源
公司名称	狮克电源（山东）有限公司
价格	950.00/只
规格参数	品牌:韩国MKC蓄电池 型号:MCK1207 产地:韩国
公司地址	北京市昌平区沙顺路88号
联系电话	13240167779 13240167779

产品详情

Charging principle of UPS battery in computer room

1. When charging UPS float, please use a charging voltage of 2.275V/cell (set at 20) for constant voltage charging or a current below 0.002CA for constant current charging. When the temperature is below 0C or above 40C, it is necessary to correct the charging voltage. Starting from 20C, for each degree of change, the voltage of a single cell changes by -3mV.
2. During cyclic charging, the charging voltage is set at 2.40-2.50V/cell (set at 20) for constant voltage charging. When charging at temperatures below 5C or above 35 , starting from 20 , adjust the charging voltage by -4 mv/cell for each degree of change.
