产品详情

Pearlthane D91T80 is an aliphatic TPU, supplied in colourless natural pellets. In addition to typical TPU properties like outstanding abrasion loss, our PEARLTHANE D91T80 offers excellent colour stability upon UV exposure. PEARLTHANE D91T80 features a low density, fast processing and excellent elasticity properties. It has been specially designed for injection moulding process.

Pearlthane D91T80 is especially recommended for injection moulding applications such as automotive parts and a variety of high performance technical parts where short cycle times and complete UV resistance are required.
