

全自动界面张力仪抢购价

产品名称	全自动界面张力仪抢购价
公司名称	北京冠测试验仪器有限公司市场部
价格	111.00/台
规格参数	品牌:北京冠测仪器 型号:JZL-200B
公司地址	北京市海淀区永丰产业基地新材料创业大厦B座
联系电话	010-57223838 15300096838

产品详情

全自动界面张力仪-微机控制 产品型号：jzl-200b 一、全自动界面张力仪技术参数 1、测量方法：微控全自动 2、测量范围：0-199.9mn/m 3、最小分辨率：0.01mn/m 4、铂金环半径：r9.55mm 5、铂金丝半径：r0.3mm 6、电源：200v 50hz 7、具有绘制曲线显示峰值功能 8、示值重复性误差不大于1% 9、示值相对误差不大于±1% 10、自动调零 11、外形尺寸400*220*350mm 12、净重15公斤 control of microcomputer automatic interface tension meter

product type: jzl-200b

a, automatic interface tension meter technical parameters

1, measurement methods: micro control automatic

2, measurement range: 0-199.9mn/m

3, the minimum resolution: 0.01mn/m

4, the platinum ring radius: r9.55mm

5, platinum wire radius: r0.3mm

6, power: 200v 50hz

7, draw the curve peak value functions

8, showing the value of repeated error is less than 1%

9, showing the value of the relative error is less than ± 1%

10, automatic zero adjustment

11, dimensions of 400*220*350mm

12, net weight 15 kg

二、全自动界面张力仪足够性能：

pc机控制，实时显示张力和曲线自动调零，峰值保持，实验结果自动计算打印，实验台自动升降。

三、全自动界面张力仪符合标准：

jb/t9388 iso/1409

四：全自动界面张力仪适用范围：

采用物理方法测试各种液体、界面张力值。广泛用于水、电部门对绝缘油质的监管及石油、化工、科学研究和大专院校教学等。用微控全自动界面张力仪可以迅速准确地测出各种液体表面、界面张力值，采用windows 标准界面，以win9x/win2000/winxp为工作平台，结果自动显示，记录。曲线可存储打印。运行平稳，噪音小。

五、全自动界面张力仪基本配置：

- 1.主机 1台
- 2.铂金环 1个
- 3.挂钩 1个
- 4.扭力丝 1个
- 5.烧杯 1个
- 6.电脑 1台
- 7.打印机 1台
- 8.软件安装盘 1个

two, automatic interface tension meter with enough performance:

the pc machine control, real-time display of the tension and the curve of automatic zero adjustment, peak hold, the results calculated automatically print, the automatic lifting.

three, automatic interface tension meter standard:

jb/t9388 iso/1409

jb/t9388 iso/1409

four: automatic interface tension meter range:

uses the physical method to test various liquid, interfacial tension. widely used in water, electricity department of insulating oil and petroleum, chemical industry, supervision of scientific research and teaching in junior colleges. using micro control automatic interface tension meter can measure various liquid surface, interfacial tension quickly and accurately, using the standard windows interface, using win9x/win2000/winxp as the platform, the automatic display, record. curve can be stored and printed. smooth running, low noise.

the basic configuration five, automatic interface tension meter:

1 host and 1

2 platinum gold 1

3 1 hooks

4 torsion wire 1

5 cup 1

6 computer 1

the 7 printer 1

8 software installation disk 1
