美国US蓄电池 US27DCXC2 12V105AH湿荷电态出厂

产品名称	美国US蓄电池 US27DCXC2 12V105AH湿荷电态出厂
公司名称	狮克电源(山东)有限公司
价格	580.00/只
规格参数	品牌:美国US蓄电池 型号:US27DCXC2 产地:美国
公司地址	北京市昌平区沙顺路88号
联系电话	13240167779 13240167779

产品详情

美国US蓄电池 US27DCXC2 12V105AH湿荷电态出厂

Periodic battery testing is an important preventive maintenance procedure. Each cell of the hydrometer (fully charged) gives a sign of balance and the true charging level. Imbalance may mean the need for balance; It is usually a sign of improper charging or damaged cells. Checking the voltage (open circuit, charging and discharging) can locate a faulty or weak battery. Load testing will pick out a faulty battery when other methods fail. Weak batteries can lead to premature failure of matching batteries.

Always use matching chargers and battery pack systems*** The charger will cause potential issues.

As age increases, the demand for battery maintenance changes. This means longer charging time and/or higher completion rate (cost of high amperage). Older batteries usually require frequent watering... and their capacity

电池充电后应该浇水除非板块暴露前充电。如果暴露,盘子应该覆盖了大约1/8英寸的电解质(仅添加蒸馏水)。检查电解质水平。下面的电解质水平应该保持1/4"的底部填充在电池盖。点击这里查看正确的填充水平。

美国电池自1926年以来一直在生产浸水式铅酸电池,自从我们池从生产线上推出以来,一直把质量放在数量之前。我们现在、将来都会支持我们的产品。在美国地方的电池制造公司。我们是您的高尔夫球车电池的来源。我们美国制造的电池、储能电池。
