产品详情

盛雷城精密电阻有限公司将采用光纤激光器刻槽机，赣县精密电阻，替换现在使用的掺钕钇铝石榴石（YAG）激光刻槽机，大规模开展设备更新升级改造工程，

Thunder Precision Resistor Co. , Ltd. Has been starting equipment upgrade program. Fiber laser trimming systems will replace

all the YAG laser and simi-conductor laser.

Fiber laser is the most stabilized laser system that will increase the quality of the groove on the resistors so that the stability of the resistors will be increased accordingly.

Thunder Precision Resistors makes high precision and ultra precision resistors and ultra precision resistor networks with really high stability and reliability already!

盛雷城精密电阻有限公司的是具有极高稳定性和可靠性，精度可以高达 \pm %，RJ精密电阻0.1%，温度系数可以达到 \pm 1ppm/ 的超高精密电阻产品，这类产品使用的材料和生产工艺源自欧美，这个系列的产品为UPR超高精密模压型电阻器，以其极高稳定、极高可靠性、超、极低TCR，赢得了国内外广大精密仪器仪表和精密衡器以及电子天平等生产企业的亲睐。盛雷城公司全体员工努力在生产、销售、服务等环节精益求精，以高、高稳定性、高准确度的产品满足客户需求，实现客户利益的zhuida大化，服务上力争让每位客户都满意。

The ultra high precision resistors are the superior products of Thunder Precision Resistors , This kind of products adopt the material and production process are adopted from Europe and American , It is called UPR ultra high precision mold type resistors , With its high stability , high reliability , 线绕精密电阻0.05% , high precision ,

lower TCR , won the majority of precision instruments at home and abroad and precision electronic balance , weighing apparatus and other production enterprises" favor.

盛雷城精密电阻（江西）有限公司长期生产和制造电阻器，产品质量优良，性能，RE精密电阻0.1%，交付及时，在比亚迪公司进行的绩效考评中，总评价次数 7次，全部都是A考评结果！

Thunder Precision Resistor Co. , Ltd. makes ultra precision resistors for BYD for a really long time. The precision resistors made by Thunder Precision Resistors are really good with premier performance , high stability and reliability , on time delivery and perfect cooperation. The annual quality rank and General rank audited by BYD are all A grade , the highest grade for all the years till now!

赣县精密电阻-盛雷城精密电阻制造厂-RE精密电阻0.1%由盛雷城精密电阻（江西）有限公司提供。盛雷城精密电阻（江西）有限公司拥有很好的服务与产品，不断地受到新老用户及业内人士的肯定和信任。我们公司是商盟认证会员，点击页面的商盟客服图标，可以直接与我们客服人员对话，愿我们今后的合作愉快！
