applications:

drinking water supplypond managementirrigationlivestock wateringpressurizing systems

characteristics:

fast, failure-free installationexcellent serviceabilityhigh reliability and life expectancyshort return of investment (roi)
cyclelower total cost of ownership (tco)

components

controller: ps1800controlling and monitoringcontrol inputs for dry running protection, remote control etc.protected against reverse polarity, overload and overtemperatureintegrated mppt (maximum power point tracker)data logger

motor: ecdrive 1800 cs-37 maintenance-free brushless dc motor no electronics in the motor premium materials

pump end: pe cs-37-1high reliability and life expectancy

premium materials

optional: dry running protection

standards2006/42/ec, 2004/108/ec, 2006/95/ec

lorenz ps1800 cs-37-1 solar powered pumps

本产品的品牌是Lorentz劳伦斯，型号是PS1800CS-37-1，材质是不锈钢，驱动方式是电动，用途是增压泵，泵轴位置是卧式，性能是自动，扬程是14（m），流量是32（m³/h）
