FedEx\$价格: 21KG-99KG价格有优势小货PAK2.5KG内, 能装进FED小袋子里不算体积时效: 正常时效的话, 2-4个工作日可送达全球。 优势区域:在东南亚很有实力, 美洲和欧洲的价格较有竞争力, 其他地区较贵。不过国际快递都有一个共同的缺点:\$价格较其他国际快递贵, 体积大重量轻的不适合, 对托运物品限制严格, 不能寄带有液体、粉末、食品、电池、光碟的包裹。

总结:中国-北美, UPS 比DHL便宜。UPS发大货有优势, DHL小包在价格和时效上都有优势。DHL发小货有优势, HKDHL节假日旺季排仓的时候建议切换FED走, 非洲DHL要比UPS价格要好一些。

“ It takes the combined efforts of families, schools and society to advocate for and protect children ’ s safety and health, ” said Eddy Chan, senior vice president of FedEx Express and president of FedEx China. “ As an integral part of FedEx Cares, the AnQ Awakening Cloud Classroom innovatively adopts an internet-based joint CSR model, which mobilizes FedEx volunteers in various cities in China, but motivates the collective forces from enterprises, philanthropic organizations and communities. In this way, AnQ Awakening establishes a sound public welfare ecosystem that effectively helps children identify dangers and avoid risks. We welcome more like-minded individuals and organizations to join us to help children improve safety knowledge and skills as well as adopt a sustainable mindset. ”

“ The AnQ Awakening Cloud Classroom was created with strong support from FedEx to advocate for child health and safety under the new normal, ” said Xiulan Tang, head of Tongdao. “ Using flexible formats, the classes aim to improve children ’ s safety and health awareness in a wider range. We hope to encourage more children and their parents to join us in order to awaken and enhance their safety consciousness and correct unsafe behaviors. ”

Through community engagement and volunteer services such as the AnQ Awakening Cloud Classroom, FedEx continues to create a positive impact in the communities where the company operates, and ultimately achieve its goal set by FedEx Cares 50 by 50 — to deliver hope, change and new possibilities to 50 million people around the world by the company ’ s 50th anniversary in 2023.
