

EVGC6A-A 加拿大Discover蓄电池 6V220AH电力供应系统

产品名称	EVGC6A-A 加拿大Discover蓄电池 6V220AH电力供应系统
公司名称	狮克电源（山东）有限公司
价格	580.00/只
规格参数	品牌:加拿大Discover蓄电池 型号:EVGC6A-A 产地:加拿大
公司地址	北京市昌平区沙顺路88号
联系电话	13240167779 13240167779

产品详情

EVGC6A-A 加拿大Discover蓄电池 6V220AH电力供应系统

Recycling ability: The electrode plate is made of lead paste and tightly assembled under pressure, which delays the softening of the active substance during the cyclic use of the positive electrode active substance and improves the battery's cycling durability performance. According to the experimental conditions of IEC60896-22, the daily discharge float charge cycle life should reach more than 800 times.

Excellent high current performance: The spacing between the battery plates is small, and the high-voltage tight assembly process improves the high current charging and discharging capacity of the battery.

铅酸蓄电池的正负极板常用铅锑合金制成。正极的活性物是二氧化铅，负极的活性物质是海绵状纯铅，极板按其构造和活性物质形成方法分为涂膏式和化成式。

涂膏式极板在同容量时比化成式极板体积小、重量轻、制造简便、价格低廉。因而使用普遍;缺点是在充放电时活性物质容易脱落。因而寿命较短，化成式极板的优点是结构。
