

## 钎焊, 锅底焊接, 发热管焊接, 咖啡壶焊接, 感应焊接

产品名称	钎焊, 锅底焊接,发热管焊接,咖啡壶焊接,感应焊接
公司名称	东莞市万江广源变频电子设备制造厂
价格	面议
规格参数	类型: 型号:100KW 频段:中频
公司地址	中国 广东 东莞市 万江区拔蛟窝工业区
联系电话	86-076922780950 13925543251

### 产品详情

采用大功率igbt高频设备作为加热电源，气压系统作为动力。运行稳定、控制准确、操作简单、产品合格率高，是生产新一代电热不锈钢炊具的最佳设备。

it uses the high power igbt high frequency equipment to provide heating power and the pneumatic system as the drive. it has such features as stable operation, precise control, easy operation an high rate of products meeting standards, which is the most ideal equipment for manufacturing on new generation of electric heating stainless steel kitchen utensil.

应用于电热烧锅、电热水壶、煎锅、咖啡壶等电热产品的复合锅底焊接，可将不锈钢板、铝板、电热管三层不同形状、厚度的金属一次性钎焊成一个整体。

it is applicable to the welding of such electric heating products as electric heating pan, hot-water kettle, frying pan and coffee pot, which can make the stainless steel plate, aluminum sheet and tubular electric heating element of different shapes and thickness form an integral part through one-off metal braze welding.

本产品的类型是自动钎焊机，型号是100KW，频段是中频，品牌是万江，动力形式是高周波
