

三星、华为专用电动折弯机KJD-ZW-0312

产品名称	三星、华为专用电动折弯机KJD-ZW-0312
公司名称	深圳市科精达仪器设备有限公司
价格	面议
规格参数	品牌: 型号:KJD-ZW-0312 弯曲角度:0-180度
公司地址	广东深圳市光明新区公明办事处合水口社区建设西路120号
联系电话	86 0755 23247903 18938917861

产品详情

品牌：韩国

弯折次数：可调（次/min）

加工定制：否

型号：kjd-zw-0312

测量范围：80*200*10mm

规格：电动

弯曲角度：可调

适用范围：用于

电动折弯机工作原理：

- 1.laid firmly fixed samples assigned to the base plate
- 2.fixed distance control :tailored to the distance spcified by moving the pusher unit fisdle lever.
- 3.using cut height adjustment ,adjust the height of the sample push rod untill it touches the sample.
- 4.speed controller to specify the speed to match the volume using the lever on the grid alignment (set the table below)

电动折弯机判断基准：

test method

test the method and order of the methods listed above settings are the same

verdict standard

details of samsung or ship sfec test specification must be followed

equipment operation processor

ac motor rotational movement of the gear by rotating the pusher the sample should be bending

sample is fixed on the base .the constant power and speed pusher deflection occurs and check the changes of the resulting samples

material:aluminum /sus303/profile

size:440mm*320w*500h

weight:20kg

electrical :220v.60hz.25w

本产品的品牌是科精达，型号是KJD-ZW-0312，弯曲角度是0-180度，弯折次数是可调（次/min），测量范围是80*200*10MM，适用范围是用于各种手机,橡胶，塑胶的折弯，加工定制是是
