

# 出口日本原单蒸发仪不锈钢304抛光内胆拉伸模具对外加工

|      |                               |
|------|-------------------------------|
| 产品名称 | 出口日本原单蒸发仪不锈钢304抛光内胆拉伸模具对外加工   |
| 公司名称 | 深圳市君莱科技发展有限公司                 |
| 价格   | 面议                            |
| 规格参数 | 作用对象:金属<br>工艺类型:拉深模           |
| 公司地址 | 深圳市龙岗区龙城街道爱联社区新屯中路50号新屯大厦402室 |
| 联系电话 | 13530417092                   |

## 产品详情

july technology development industrial co., ltd., specializing in metal stamping processing, drawing processing, cnc lathe processing, cnc machining, casting processing, material processing and so on, the main processing of materials are copper, aluminum, stainless steel, iron, plastic, magnesium alloy, titanium alloy, etc., and support the design drawings or sample processing, if there is demand please call advisory!

### production equipment list

| serial number | machine name            | quantity | origin | processing of materials                         |  |  |
|---------------|-------------------------|----------|--------|---|--|--|
| 1             | punch                   | 9        | taiwan | steel,alunimum, stainless steel,brass and so on |  |  |
| 2             | grinding machine        | 11       | baoji  | steel,alunimum, stainless steel,brass and so on |  |  |
| 3             | milling machine         | 9        | foshan | steel,alunimum, stainless steel,brass and so on |  |  |
| 4             | numerical control lathe | 5        | taiwan | steel,alunimum, stainless steel,brass and so on |  |  |
| 5             | cnc                     | 3        | taiwan | steel,alunimum                                  |  |  |

|   |                        |    |        |   |  |  |
|---|------------------------|----|--------|---|--|--|
|   | machining center       |    |        | m, stainless steel, brass and so on               |  |  |
| 6 | wire-electrode cutting | 20 | foshan | steel, aluminum, stainless steel, brass and so on |  |  |
| 7 |                        |    |        |   |  |  |
