

EVA热压鞋垫模具/eva hot stamping molds

产品名称	EVA热压鞋垫模具/eva hot stamping molds
公司名称	东莞市达恩工艺制品有限公司
价格	面议
规格参数	加工定制:是 作用对象:橡胶 工艺类型:冲裁模
公司地址	中国广东 东莞市 广东省东莞市厚街镇厚街村菊塘管理0区木棉路厚达工业园
联系电话	86-76985817968 15989665990

产品详情

模具型号：abs塑胶模，硅橡胶模具，鞋模，eva发泡模具，pu发泡模具，高周波模具，cnc加工，电脑锣加工，热压模具，pvc浮雕、滴塑模，五金模具、凹凸模、烫金模、各种鞋垫模、橡胶汽车垫模具，浴缸垫模具，防滑垫模具，eva鞋垫模具，运动护膝护胸模具，运动头盔模具，模具中英文钢印、铝件零件加工，箱包eva内衬铝模，以胶各种橡胶鞋底模具，大底模具！

加工中心：cnc数控

材质：钢，铝，铜，代木,塑胶等等

加工设备：cnc电脑锣，精雕机，火花机，铣床，磨床，线切割

精确度：+/-0.001

表面处理：铁氟龙，抛光电镀

包装：独立包装

logo：客户logo及字体均可

尺寸：能改变的、客户需求

生产方式：线切割，cnc加工中心

出货方式：送货上门

优势：单价低/交期快/精确度高/品质高/诚信好/客户设计/服务周全/如期交货/使用受命长/返修迅速/

items# : abs plastic mold/ silicone and rubber mold/ shoes molds/eva foaming molds/ pu foaming mold/high frequency mold//high frequency mould/ hot stamping molds /3dembossment/hardware molds /embossed and debossed molds/ rubber car mats molds /rubber or silicone non-slip mats molds/knees eva or pu foaming protector molds/ helm foaming molds / aluminum accessory parts / as well as rubber shoes molds /double colors rubber sole molds/pu shoulder protector foaming mold/computerized numerical control extra processes .

fit for products: abs plastic products / eva and pu foaming products / shoes / soles / oil filling molding / lights products / stamping products / hot pressing products / golden bronzing products / foaming shoulder products / sports goods
.....

cnc name: bei jing engrave machine . tai wan jia tie cnc center.

material: stainlessness iron / brass / copper / aluminum /alloy zinc / plastic

machines: computerized numerical control machines / engrave machine / high speed engrave machines / electrical discharge machining/ grinding machine, milling machine, wire e.d.m machines.

highlyaccuracy degree: +/-0.001

surface treatment : polishing / plating /teflon

packing: wooding material packing with bubble packing .

logo: yes .can be engrave or laser printing or electrical .

size: base on 2d or 3d design or samples

working method:wire e.d.m processes / high speed engrave / electrical discharge /

delivery method: by sea or air .

advantage: low price / fast delivery / highly accuracy degree / high quality /credibility and integrity / customized designs / good service / free testing mold /long using life / speed modified.

铜发模具厂建厂于2001年，拥有大中小电脑数控精雕机，磨床，铣床，采用先进造型编程软件进行规则与不规则的曲面及平面设计制造模具。以客户要求为准，在钢、铜、铝、有机玻璃、塑料，代木，石墨等材料上进行雕铣加工，是适应于模具、印章、礼品、标志、家具及装饰等完成平面，立体和多维体零件的雕铣加工。为各塑胶厂、五金厂、模型厂、电子厂、钟表厂、商标厂、丝印厂、工艺品厂、家具厂、精密铸造厂提供各类铜公、立体公仔模、滴塑模、凹凸模、印字轮、滚筒模、高周波压模、立体浮雕、手板模型制作、文字商标雕刻、花纹图案雕刻、金属产品雕刻、亚克力精切割雕刻。及模具抛光、喷砂等加工!

主要经营的项目有塑胶模，硅橡胶模具，鞋模，发泡模具，垫压系列模具，pvc浮雕、滴塑模，五金模具、凹凸模（花纹、图案）、烫金模、各种鞋底模、钮扣模、拉链头、中英文钢印、转印、刻度盘，石墨雕刻，等。

对不规则的曲面如三百六十度全圆周辊筒雕刻（例如圆类模具：辊压模、笔模、餐巾纸辊筒、卫生巾压辊筒、铜辊等），对各种形状的出口香皂上、下模也同样具有多年加工设计经验。同时在模具雕铣的基础上，我司聘用了多年生产治具夹具经验的工程师，并设立了治具三条生产线，专业为各电子厂家提供夹具系列（波峰焊，回流焊夹具）老化治具，ict/fct测试架，等等。

在高品质，低价位，高信誉，交期快捷，精益求精的服务宗旨之上，我司得到了许多新老客户的高度评价，欢迎各厂家来样来稿订做模具。

tong fa mould factory was established in 2001.have more than 15 engrave machines, grinding machine, milling machines ect. using advantage cnc programming to design regular and irregular camber, designing and producing moulds. base on the request of customers. processes on stainlessness, brass, copper, aluminum, organic glass plate, bakelite and so on. fit for mould, stamp, gift, labels, furniture,3 dimension part design and engrave.

the items including: plastic mould, rubber and silicon moulds, foam moulds, hot-press moulds,pvc engrave mould, soft pvc sole moulds, graphite engrave an so on. for plastic factory ,rubber products factory, silicon products manufacturers ,metal factory, electron ,clock factory, high frequency mould, gift factory to offer a series of moulds. the processes also including hand polish, sandblastings and so on.

regarding irregular camber, 350 degree roller printing moulds. on the experience of moulds producing, we employed some skillful engineer to produce fixture and clamping tools. meanwhile has three working line to finish all processes. for electron factory offering a series of ict/fct fixture and clamping tools.

base on high quality, low price, fast delivery, more accurate service purpose. we gained a lot a high appreciation. welcome to email and call us.

本产品的加工定制是是，作用对象是橡胶，工艺类型是冲裁模，主要加工设备是CNC,电脑锣,雕刻机，加工设备数量是15，加工能力是强，适用范围是手机,鞋材厂，质量体系是无，工序组合类型是复合模，模具材质是铝模,钢模
