## 产品详情

zhxz160c型转盘铣

技术规格:

主轴端部号(7:24) spindle end conical degree,no	no.50( 128.57mm)	
滑套移动量spindle slider stroke	125mm	
主轴转速spindle speed	a型	63-300r/min
		90-300r/min
	b型	125-400r/min
		192-600r/min
主轴功率power of spindle	7.5、11、15kw	
刀盘最大直径max diameter of cutter	400mm	
工作台回转速度turning speed of table	型	6.0-30min/r
	型	4.0-19min/r
机床外形尺寸(长*宽*高) outer size (lxwxh)	4320*3000*2830mm	

zhxz160

zhxz160c rotary table type modular machine tools in smiling modular machine with a continuously rotating table, which has been successfully developed lately in our country, it is well noted for its character that the configuration and some main technical data can be changed easily according to the shape of parts and the processing requirements can be satisfied fullest, with two (one) vertical milling heads and the table rotating continuously, it can complete high-efficiency plan milling to casting pig, steel and non-ferrous metal parts.

本产品的类型是面加工类，动力类型是液压，工作形式是铣，产品类型是全新，是否库存是是，是否提供加工定制是是
