

# M20\*150万向减震金属重力地脚螺栓

产品名称	M20*150万向减震金属重力地脚螺栓
公司名称	东莞市长安鸿海机械设备加工厂
价格	面议
规格参数	品牌:HH 型号:M20*80*150 适用机床:皆可
公司地址	东莞市长安镇沙头珠冈路9号
联系电话	86 0769 89239652 13925765012

## 产品详情

调节脚系列：在许多机械设备安装工程中，地脚螺栓是不可缺少的附件之一，它的作用是将设备与基础牢固地连接起来，以免设备在工作时发生位移和倾覆。地脚螺栓主要包括死地脚螺栓、活地脚螺栓、锚固式地脚螺栓三类。死地脚螺栓通常用于固定在工作时无冲击和振动或振动很小的中小型设备；活地脚螺栓一般用来固定工作时有强烈振动和冲击的重型设备；锚固式地脚螺栓又称膨胀螺栓，主要用于无振动的轻小型设备。适用范围:根据承载力及材质区分，中型,大型机械设备,工程组装,升降设备;具体承载力而定,适用于大中小型仪器及流水线、流水线设备，机床机械设备、办公家具、超市货柜，厨柜，展示柜。13925765012 0769-89239652 调节脚材质：产品选用全碳钢(q235)圆棒,精加工而成;表面处理:发黑(可电咏喷漆,镀铬/锌/镍,等)也可选用不锈钢304或202) 产品尺寸：全碳钢材质除表中所列尺寸外,螺杆和底盘大小\外观,均可定制。产品底部为黑色增强尼龙材质,螺杆可选碳钢镀铬/镍/锌或202/304不锈钢材质。调节脚底座可选40、50、60、80、100mm；调节脚螺纹直径可选m6、8、10、12、14、16、18、20、24mm；调节脚螺纹长度可选择30、50、80、100、120、150、200mm 产品特点：可垂直升降调节，垂直水平升降调节，尼龙之30硬度，具备防震、耐磨、防滑功能，承重能力强。其他调节脚系列：可调脚紧固件;尼龙关节蹄脚;固定蹄脚;避震脚;可调垫脚;塑料调节脚;地脚螺栓;重力脚;流水线杯脚;输送机械零部件;铝型材连接件;机械零配件;铁、铝、铜、不锈钢车削件;仪表车加工件;塑料件;脚垫;螺栓脚;机械脚; adjustable foot series: in many mechanical equipment installation engineering, anchor bolt attachment is indispensable one, it is the role of the device and the base are fixedly connected, so as to avoid equipment at work shift and overturning. anchor bolts including death foot bolt, anchor bolt, live anchored bolt three class. death is usually used for fixation in foot bolt is shock and vibration or vibration of small sized equipment; live anchor bolt is generally used to fixed when there is a strong vibration and impact of the heavy equipment; anchoring type bolt is also called expansion bolt, mainly used for vibration free small and light equipment.13925765012 scope of application: according to the bearing capacity and material to distinguish, medium, large machinery and equipment, engineering and assembly, lifting equipment; specific capacity and decide, suitable for small medium and large equipment and assembly line, assembly line equipment, machine tools and mechanical equipment, office furniture, supermarket container, cabinets, display cabinets. adjustable foot material: product selection of total carbon ( q235 ) rod, finishing; surface treatment: black ( which can be electrically chant spray paint, chrome / zinc / nickel, etc.) can also be made of stainless steel 304 or 202 ) product size: in addition to the carbon steel material listed in the table size, screw and chassis size and appearance, can be customized. products at the bottom of black reinforced nylon material, carbon steel screw optional chrome / nickel

/ zinc or 202/304 stainless steel materials. adjustable foot base optional 40, 50, 60, 80, 100mm; adjusting pin thread diameter optional m6, 8, 10, 12, 14, 16, 18, 20, 24mm; adjustable foot length of thread can choose 30, 50, 80, 100, 120, 150, 200mm product features: can be vertically adjusted, horizontal and vertical lifting regulation, nylon 30 hardness, with wear-resistant, shockproof, anti-skid function, strong bearing capacity. other adjusting foot series: adjustable foot fastener; nylon joint foot; the fixed foot shoe; adjustable shock absorbers feet; stepping; plastic adjusting foot; bolt; gravity foot; pipeline cup foot; transportation machinery parts; aluminum connectors; mechanical parts; iron, aluminum, copper, stainless steel cutting piece; instrumentation car processing; plastic pieces; foot; foot mechanical foot bolt;

本产品的品牌是HH，型号是M20\*80\*150，适用机床是皆可，类型是垫铁，规格是M20，粗糙度是精致（Ra），材质是碳钢，不锈钢，硬度是500（HB），可调整高度是50-135（mm）
