

进口光面环规 GSG HEMCO GAGE PMC LONE STAR

产品名称	进口光面环规 GSG HEMCO GAGE PMC LONE STAR
公司名称	苏州斯文克精密测量设备有限公司
价格	3000.00/只
规格参数	品牌:美国GSG 型号:非标
公司地址	江苏省苏州市吴中区甪直镇鸣市路16号
联系电话	0512-65012756 13862064056

产品详情

product specifications:

all cylindrical rings are manufactured to asme/ansi b47.1 agd standard and asme/ansi b89.1.6. when min and max master rings (.005"/.125mm max spread) are ordered for setting variable gages, the quantity two price mat be used. all rings regardless of size are lapped to size and polished. non gaging surfaces are black oxide and ring faces are surface ground. roundness and taper to not exceed 50% of the applicable gagemakerâ€™s size tolerance and are non-accumulative. sizes available up to 28".

small ring gages:

the designs for cylindrical ring gages are described in asme standard b47.1. rings below 1.510" are manufactured without a flanged outer diameter. available in steel, carbide or chrome.

large flanged ring gages:

above 1.510" cylindrical rings are manufactured with a flanged diameter as pictured above. the removal of excess material from the outside diameter reduces weight for easier use by the operator. available in steel, carbide or chrome.

jacketed carbide ring gages:

pictured above is a "jacketed carbide" ring. the insert is solid carbide with the outside jacketed with steel. a solid carbide ring would be heavy and subject to damage on the outside due to the carbide being hard and brittle.
