

## Segmented gages 美国GSG PMC进口量规

产品名称	Segmented gages 美国GSG PMC进口量规
公司名称	苏州斯文克精密测量设备有限公司
价格	20000.00/副
规格参数	品牌:美国GSG 型号:非标 产地:美国
公司地址	江苏省苏州市吴中区甪直镇鸣市路16号
联系电话	0512-65012756 13862064056

### 产品详情

segmented gages are an alternative to standard ring and disc masters. they are used in setting swing and bore gages. segmented gages are lighter and use less storage room than standard ring and disc masters. they are made to check one or multiple diameters. segmented id and od gages are ground square to faces within .0002". tolerances depending on size are +/- .0005" with either class x or xx geometry. measurement uncertainty is within .00002" up to 21.000". the exact size can be engraved on the gage making it easier for set up. segmented gages are made out of tool steel and heat-treated to 58-62 rc. chrome is available upon request.
