

# 模具温度控制机

产品名称	模具温度控制机
公司名称	奥德精机模温机有限公司
价格	.00/台
规格参数	品牌:奥德精机 型号:AOS
公司地址	江苏省苏州市强安路
联系电话	18662415152 18872231402

## 产品详情

高温水温机 模具温度控制机

??

features

??????

explosion-proof equipment for pipelines

??????

air blowing and return water function

???????

thermometer for return water

?????????

automatic air-exhausting function after startup

?????????

switchover of heating power

?????????(??)

instant cooling return oil shut-down function (optional)

?????????. ??????????

isolated electric box for longer services lives of electric appliances

rs485?????, ??????????(??)

rs485 communication function for automated management (optional)

??by-pass????

by-pass pressure release loop for hot water

???????????????

customizable multi-point temperature control unit

?????????????????

customizable horsepower and heating power of oil pump

?????omron. fuji. te. lg

brands omron, fuji, te and lg for electric appliances

????????: ???+15??180?

range of temperature control: +15??180? for incoming water

304?????????,?????????

304 stainless steel integrated pipelines for less pipe resistance and rust

?????: ??????????(??)plc??

control mode: imported microcomputer or plc (optional)

???????,?????, ?? ???????????

perfect safety protection, fault display, easy repair and maintenance even without professionals
