Wifi　　　　　OEM

	Wifi　　　OEM
	1.00/PCS
	: :TOP-RM04
	B　2
	13828897577

quick details place of origin: guangdong, china (mainland) brand name: oem model number: top-rm04 type: wireless kind: embedded size: 29x40x8.8mm chipset: rt5350 certification: ce; fcc; rohs

specifications

embedded serial to ethernet converter module serial to wifi module 1baudrate range: 1200-500000bps 2size 29x40x8.8mm

low cost embedded serial to ethernet converter module serial to wifi module

 the top-rm04 module provides designers with a ready made component that provides a fully integrated solution for applications, using the ieee802.11 standard in the 2.4-2.5ghz ism frequency band, including802.11b/g/n and also provides ieee802.3, can be quickly and easily included in product designs. the modules integrate all of the rf components required, removing the need to perform

expensive rf design and test. products can be designed by simply connecting sensors and switches to the module io pins or uart interface.the modules use ralink¡¯s chip wireless microcontroller, allowing designers to make use of the serial interface to connect with their device hence, this module allows designers to bring wireless applications to market in the minimum time with significantly reduced development effort and cost. this product is an embedded module based on the universal serial interface network standard,built-in tcp / ip protocol stack, enabling the user serial port, ethernet, wireless network (wifi) interface between the conversions. through the top-rm04 module, the traditional serial devices do not need to change any configuration; data can be transmitted through the internet network. provide a quick solution or the user¡¯s serial devices to transfer data via ethernet also the hlk-rm04 module have fcc modular approvals and is compliant with eu regulations.
