

# 分光探测器 ( TAP-PD ) -四川超光

产品名称	分光探测器 ( TAP-PD ) -四川超光
公司名称	绵阳慧联光通信设备有限公司
价格	1.00/只
规格参数	品牌:cofiber 型号:TAP-PD
公司地址	四川省绵阳市涪城区长虹大道南段83号
联系电话	0816-2384466-802 18190011210

## 产品详情

description

cofiber ' s tap pd component is based on g lens +pigtail technology, designed for wdm system 、 roadm module and edfa module for optical power-monitoring applications. it integrated a dual-fiber collimator、 broad wavelength range tff filter with a high responsivity in gaas pd. it features compact size、 rohs compliant and qualifies telcordia gr- 468 – core

product features

based on plc technologies

low cost, compact size

high stability and reliability

i y q ;" >rdia gr- 468 – core

applications

wdm channel monitoring

edfa power monitoring

roadm module power monitoring
