

铠卫信火灾报警控制 总线型主机消防报警系统

产品名称	铠卫信火灾报警控制 总线型主机消防报警系统
公司名称	深圳市铠卫信安全科技有限公司
价格	面议
规格参数	品牌:铠卫信 型号:CFT-9000 供电电源:AC220 (V)
公司地址	深圳市南山区阳光四路莱玮斯工业厂房301-C
联系电话	86-75529810256 13424295616

产品详情

厂家直销总线型报警主机量大从优

产品介绍

产品信息名称：总线型报警主机型号：cft-9000品牌：铠卫信 颜色：灰色产品特点the intelligent detectors and the intelligent modules have internal microprocessors to realize digital filtering and auto-compensation functions; the data collection is true and reliable; the aw-afp2188 control panel can carry out data processing based on fuzzy control theory and modern fire alarm theory to fundamentally avoid missing alarms and to reduce false alarms, so as to improve reliability

产品说明

产品详细介绍

general description

the aw-afp2188 is a new type of analog fire alarm control panel which has 324 alarm control points (detectors and modules which are characterized by fully mixed coding, non-polarity and two buses). it complies with the provisions of both fire alarm control units (gb 4717-2005) and automatic control system for fire protection (gb16806-2006).

its characteristics are as follows:

The intelligent detectors and the intelligent modules have internal microprocessors to realize digital filtering and auto-compensation functions; the data collection is true and reliable; the aw-afp2188 control panel can carry out data processing based on fuzzy control theory and modern fire alarm theory to fundamentally avoid missing alarms and to reduce false alarms, so as to improve reliability.

The detectors have a sensitivity setup function and can adjust the alarm sensitivity according to the specific environment and their influences.

The detecting bus and the control bus share a two-wire structure and have non-polarity and fully mixed coding of the detectors and modules, and the intelligent detectors and

the intelligent modules can be directly connected to them, which greatly simplifies the system wiring, engineering installation and circuit maintenance.

If the system uses an ac-dc master-standby power supply system which will automatically change between the master and standby power supplies in the event of a power failure of either of the two power supplies to ensure uninterrupted operation of the system.

If the aw-afp2188 can be connected to a special mini-printer to realize real-time printing.

If the aw-afp2188 can be connected to floor fire display panels to display fire alarms by standard rs-485

If the aw-afp2188 can be connected to ten multi-line linkage control/monitoring points to control and monitor important equipment.

If the aw-afp2188 is equipped with eight bus manual control points, which makes it very easy for the user to control related equipment.

this user's manual introduces the system's user interface, keyboard operation and function set-up. it describes these with pictures and text to make it easy for the user to master usage quickly. other sections introduce the system structure, wiring method, technical characteristics and precautions for the aw-afp2188 (please pay more attention to the descriptions in precautions) for the user's reference.

企业证书

企业介绍

深圳市铠卫信安全科技有限公司是专门从事消防、安防电子安全产品的研发、生产、贸易为一体的专业化电子公司，产品以外销为主。

公司以：团结、尽责、高效、创新为企业精神，注重企业文化和企业形象,坚持“品质为上”的经营原则,严格控制产品质量，争创行业优秀品牌。

公司生产的全过程，从原材料的采购、进货检验，工序控制，成品检验到产品交付、直至售后服务都严格遵照iso9002质量保证体系中的有关规定实施控制。设有完善的信息反馈处理网络，对产品的各项指标均按国家或行业标准严格测定。

公司以：诚信、专业、快速、优质为企业服务理念。公司以优越的产品性能、价格比，与广大工程商、经销商建立了良好的合作伙伴关系。

产品通过公安部安全与警用电子产品质量中心检测并获得欧盟的ce认证，远销欧洲、美洲、非洲、澳洲及中东地区，深受广大客户好评。

生产厂家直销一手货源，量大从优，欢迎新老客户在线询价，更期待您的来电！
