

HW-8821T全自动单端拧线端子机自动化设备

产品名称	HW-8821T全自动单端拧线端子机自动化设备
公司名称	永康市合旺自动化设备有限公司
价格	面议
规格参数	加工定制:是 类型:自动压接机 品牌:合旺
公司地址	中国 浙江 金华 永康市 城西新区梅岭路33号
联系电话	86 0579 87023169

产品详情

??	hw-8821+t

model	hw-8821+t
wire size	awg1007#26~#14
wire feeding device	4-wheel drive

capacity	single-ended crimping 4200pcs / hour (minimum when tangent)
features	single and double-side strip, one end of the crimp one end of the strip (twisted wire), plastic can be left half-strip
cutting length	35mm-9999mm
cutting accuracy	0.2mm + (set length × 0.002 mm)
stripping length	0mm-8mm end end 0mm-15mm
crimping die	cross to send terminal card mode, direct-mode terminals card
crimping machine	1.8ton universal mute terminal machine 1
control	panasonic plc control
detection	detect whether the wire, tie wire detection, fault detection pressing, air pressure testing
power	single-phase ac220v 50/60hz 20a
compressed air	0.5mpa about 140n/min
mechanical dimensions	770 × 620 × 1300 (mm) (excluding protruding parts)
weight	about 360kg
features	1, plc plus touch screen, cutting, stripping, twisting, crimping a complete, simple, everything is easy to grasp.2, the use of imported original equipment using universal mute terminal crimping machine, low noise, stable, efficient and durable.

本产品的加工定制是是，类型是自动压接机，品牌是合旺，型号是HW-8821T，别名是全自动剥皮扭线压接机，用途是线束加工，最大压接力是20000（N），行程是99999（mm），外形尺寸是750X550X1350（mm），重量是250（kg）
