

连线式柔性制版一体机、厂家直销、品质保证

产品名称	连线式柔性制版一体机、厂家直销、品质保证
公司名称	广州市白云区科茂印务设备厂
价格	面议
规格参数	加工定制:是 输出速度:200 印版最大幅面:560 (mm)
公司地址	中国 广东 广州市 广州市白云区人和镇高增大街73中学右侧
联系电话	86-020-36020789

产品详情

kemao企业简介

广州市白云科茂印务设备厂始创于1995年，前身是专门从事印前技术开发的“科灵印务技术开发部”。

本厂专业生产主要适用于制作瓦楞纸箱、塑料包装、烟标、酒标等软包装及lcd行业印刷用版的km系列柔性制版机、液体版制版机及溶剂回收机。是我国最早最专业生产柔性制版设备的企业之一，目前甚至是全国生产此类设备规模最大的企业。为缓解我厂生产的压力，我厂继在花都区成立

“广州柔性制版设备有限公司”之后，近来又筹办了专业制造柔印机械的——“广州柔印机械有限公司”。科茂工厂坐落在广州白云机场东南侧，新公司地址位于白云机场西侧，交通十分便利。

。

我厂为一般纳税人企业，拥有强大的技术力量、制造能力和售后服务网络。创业近十多年来，一直勇于创新并狠抓产品质量和服务质量，无论技术及产品销量均处于国内领先地位。在我国柔版印刷业最发达的华南、华中地区约有80%的用户使用本系列设备，在全国约有70%的市场占有量。在上海、山东、北京大连等城市开设办事处，专门配合客户解决制版工作中遇到的问题。产品还远销到世界各地，在东欧和北美洲有长期合作的特约总经销。

目前，kemaos系列柔性制版设备品牌，在国际市场上也拥有了一定的知名度，甚至也可能已经是全球专业生产此类设备产量最多的企业。我厂目前又再成功开发出一种更新型、环保的、目前全球同类设备中最先进的连线式液体版自动制版设备，km系列产品向国家专利局申请获得多项技术专利。为了更好地把产品推向国际市场，我厂产品正在申请获得美国、加拿大的“ul/c-ul”认证以及欧洲的“ce”认证。继续努力为世界柔印业添砖加瓦。

kemaos brief introduction

guangzhou baiyun kemaos
printing equipment factory was

founded in 1995, formerly specializing in pre-press technology development, "being the department of printing technology development."

our major manufacturing company for the production of corrugated boxes, plastic packaging, tobacco labels, wine tags, such as packaging and flexible packaging printing industries. Our company is the first major production of the most flexible one plate making equipment, and even the current national production of such equipment are the largest enterprises. To alleviate the pressure on my plant, I plant in Huadu district, following the establishment of "flexible plate making equipment co., ltd. Guangzhou", the recently organized to do, "flexo printing machinery co., ltd. Guangzhou." Kemaofactory is located at the southeast side of Guangzhou Baiyun Airport, the new company address. Baiyun Airport is located on the western, traffic is very convenient.

the general taxpayer for our enterprise, the factory has a strong technical force, manufacturing capability and after-sales service team. After nearly ten years of business, regardless of technology and products are sold in the domestic leading position. In flexographic printing industry in our country the

most developed in southern china, central china, about 80% of the users use of the series devices, at about 70% of the national market share.in shanghai, shandong, beijing, dalian and other cities to open offices, plate making expertise to help clients solve the problems encountered at work. products are exported to all over the world, in eastern europe and north america, agents have long-term cooperation. at present, kemao series of flexible plate making machine, also on the international market over a number of well-known, and even may have been the world's major production up to the production of such equipment businesses. at present, my factory again to update the successful development of a liquid plate of the connection automatic type plate making equipment, and a number of national patent offices to apply for patents. put in order to better products to the international market, our products are in the process of access to the united states, canada, "ul / c-ul" certification and " ce " certification in europe. continue to work hard building blocks for the world flexo industry.

公司
公告 我厂专业生产适用于各种瓦楞纸箱、塑料包装、烟标、酒标、等软包装及lcd行业印刷制版用的kemao系列柔性制版设备。在全国约有60%以上的市场占有率。在我国的华南华中地区即有80%以上的市场占有率。目前在全球享有很大的声誉。也许在不久的将来kemao将是全球最大的柔版设备制造商。
