产品详情

dhg型 电热恒温鼓风干燥箱 (dhg series heating and drying oven)

一、用途概述供工矿企业、化验室外、科研单位等作干燥、烘焙、熔腊、灭菌之用。二、产品特点1、工作室采用优质钢板或不锈钢板。2、微电脑智慧控温仪，具有设定，测定温度双数字显、定时、功率抑制和自整定功能，控温精确可靠。3、热风循环系统由低噪声风机和风道组成，工作室温度均匀。 i.applications:it is applicable to such test as drying,cure melt,sterilize in industrial and mining enterprises as well as in laboratory and scientific research institute.ii.features:1、 the working chamber is made of high quality sheet steel or corrosion-resistant stainless steel,safe and easy to use.2、 intelligent temperature controller is based microprocessor with pid parameters controlling function.digital display of set and actual temperatures. high temperature controlling accuracy and reliability.3、 hot air circulation system is consist of low-noisy fan and optimal air duct, reaching a uniform temperature inside the working chamber

本产品的加工定制是否，品牌是上海表宏，型号是DHG-9011A，类型是恒温干燥箱，材质是不锈钢内胆，温度范围是RT+10-200（ ），功率是350W，工作室尺寸是250*250*250（ mm ），适用范围是工矿企业、化验室、科研单位等作干燥、烘焙、熔腊、灭菌之用。
