

火山岩烧烤石 80 (kg/m3)

产品名称	火山岩烧烤石 80 (kg/m3)
公司名称	天津世纪科艺环保材料销售部
价格	1.00/件
规格参数	耐火温度:2000 以上 () 比重:80 (kg/m3) 规格:30-40 (mm)
公司地址	天津市河东区逸庭苑17-H
联系电话	86 022 24223421 15822863369

产品详情

耐火温度	2000 以上 ()	比重	80 (kg/m3)
规格	30-40 (mm)	包装形式	袋
产地	天津	品牌	科艺
产品类别	其他		

火山石烧烤食物时其特有的热石辐射和均匀热力會在食材的表面形成诱人的金黄色，同时食材内部的水份不會因過熱而喪失过快，而能保有食材柔软度；烹调食物自然古朴、风味独特，故口感與金屬炊具之煎煮相較更為美味。火山石烧烤架使用方便，均匀加热，無論室內室外隨地均可享受，使用火山石烹调 and 烧烤食物不容易产生大量油烟，不易因过火烧焦食物（可避免炭火燃气直接燒烤所產生致癌物質，且价格低廉，同时避免电镀鐵網上殘留之電鍍重金屬，是现今最时尚最兼顧個人健康及綠地環保之烹调燒烤炊具。

the lava bakes when food its unique hot stone radiation and the even thermal energy will form attractive golden yellow in the food material surface, simultaneously will eat the material internal moisture not to be able because of overheated to lose excessively quickly, but can hold the food material softness; the cooking food nature is plain, the flavor is unique, therefore the feeling in the mouth and decoction of the metal cooking utensils compares the delicacy. the lava burns the prill easy to operate, even heating, regardless of indoor outdoor may enjoy anywhere, the use lava cooks and bakes food not to be easy to produce the massive lampblacks, because not easy to go too far air burn food (to be possible to avoid the charcoal fire fuel gas baking directly produces the carcinogen, and the low in price, simultaneously avoids the electricity iron plating on-line remaining galvanizes the heavy metal, is the nowadays is most fashionable most gives dual attention to individual health and the green space environmental protection cooking of bakes the cooking utensils.
