

Mold flow 模拟辅助模具设计

产品名称	Mold flow 模拟辅助模具设计
公司名称	登峰制模香港有限公司
价格	1000.00/套
规格参数	规格:LKM,HASCO, DME Mold lifespan:300K-5 million shots Materials:ABS, PA, POM, PC, PP, PE, PVC ETC..
公司地址	东莞市长安镇上角社区
联系电话	15011939995 13533665622

产品详情

key specifications/special features:

our advantages:

one stop service: design assistance, mold making and manufacturing

excellent design and advanced machine

quality first customer utmost

oem/odm orders are welcome

plastic injection mold:

mold base: lkm, futaba, hasco and more

mold materials: s136, 45#, p20, 718h, 2738, 2344 and more

cavity: single/multiple cavity

runner: hot/cold

mold lifespan: 300k-5 million shots

materials: abs, pa, pom, pc, pp, pe, pvc etc..

surface treatment: edm and high polish

color: white, black and more

package: inner-plastic bag, outer -standard carton box

design software: ug, pro/e, cad, cae mold flow

equipment: cnc, edm, argie charmilles, milling machine, 3d cmm, projector, hg, injection machine

working process: stamping, deep stamping, bending, punching, threading, welding, tapping, riveting

lead time: 4-7 weeks

payment terms: t/t, l/c

trade terms: fob shenzhen, cif and more

export countries: europe, usa, mexico, australia, middle east, asia and more

value-added service: design, making samples as your requirement

polish, texture, painting, screen printing
