产品详情

特点：下切刀具旨在提高产品加工的效率，独特的刃口镜磨工艺，以及高容易的排屑槽，使刀具在高速切割中有不粘屑低发热，光洁度高等特点。它广泛应用于工艺品电子，广告，装饰，木业加工等行业，特别适合工厂批量加工以及高要求的产品。

关于我们：桦锐雕刻切割刀具是专业为数控雕刻机、雕铣机，及加工中心开发的小柄径，高速，高精度的系列雕刻铣、切割加工工具，是国内外公认的知名雕刻切割机刀具品牌。a系列雕刻切割刀具，全部采用进口超微粒钨钢材料，经五轴联动数控磨床，专利特殊刃磨工艺精制而成，具有超强的耐磨性和抗断性。广泛应用于模具、工业制造、电子、钟表、pc、pmma镜片、工艺品、家具、木业、广告制作等行业，可加工各类金属、塑料、亚克力、树脂、密度板、木料等，它的推出填补了国内专业雕刻切割刀具中高档品质系列的空白，凡用过此款刀具的用户都会对它的高效率高品质铣削加工所带来的高效益而震撼不已，往往因此爱不释手。它是雕刻机厂家、雕刻加工厂、模具制造、精密雕刻制造之首选。产品已经得到东西欧，北美，非洲，中东地区及亚洲许多国家各户的认可和赞誉。我们的宗旨是提供给客户质优价廉的产品，并提供周到的服务。

guangzhou huarui tool co.,ltd, established in 1998, is a modern professional manufacturer of cutting tools. during dozens of year ' s development, we have established a close partnership with research institutes and by their help we made a great achievement on the development of new tungsten carbide cutting tools, which has contributed a lot to the promotion and development of tungsten carbide cutting tools in china and driven the technology development of related industries. our company has strong technical support and the international advanced level of technology, techniques and equipments. several sets of professional producing machine of solid carbide cutting tools for cnc equipment and high precision testing machines had been imported from germany and australia, which enable us to establish several production lines. scientific management, faithful service, we will offer you products with a high quality under iso 9001 : 2000 standards. huarui is a well-known mark in china and abroad, a professional manufacturer of engraving and cutting tools, the cutters are of small shank diameter, high speed and high precision for numerical control carving machines, routers and processing centers. series a, made

of imported ultra-fine particle tungsten carbide, processed by 5-axis cnc grinding machine and specialsharpening, high abrasion resistance and anti-broken. it ' s been widely used in the fields of moulds, industrial manufacturing,electronic, watches, clock, pc, pmma lens, handicrafts, furniture, wood advertising production and other industries.it suits for all kinds of metal, plastic, acrylic, material resin, mdf, wood etc. its has ended the situation of lackingmedium and high quality engraving and cutting tools in china, all the users had been shocked by its highefficiency, high-quality milling processing, it ' s the best choice for engraving machine manufacturers,carving and processing, mold manufacturing, precise carving and manufacturing. it has earned a widereputation in europe, north america, africa, the mid-east and asia. we aim at providing good quality products at low price with satisfying service.

本产品的品牌是HUARUI，型号是A1LX317，类型是面铣刀，材质是硬质合金，是否涂层是非涂层，是否进口是是，适用机床是铣床，加工范围是特点：下切刀具旨在提高产品加工的效率，独特的刃口镜磨工艺，以及高容易的排屑槽，使刀具在高速切割中有不，规格（直径*全长）是3.175*22,3.175*17（mm），标准编号是A1LX3317，规格是3.175*17*38，样品或现货是现货
