

MUR3060PTG- 功率二极管

产品名称	MUR3060PTG- 功率二极管
公司名称	苏州吉远电子科技有限公司
价格	13.00/个
规格参数	产品类型:功率二极管 是否进口:是 品牌:ON/安森美
公司地址	苏州工业园区娄葑镇星红路199号A座418室
联系电话	62373510 13584856998

产品详情

mur3020pt, mur3040pt, mur3060pt switch mode power rectifier these state – of – the – art devices are designed for use in switching power supplies, inverters and as free wheeling diodes. features • ultrafast 35 and 60 nanosecond recovery time • 175 ° c operating junction temperature • high voltage capability to 600 v • low forward drop • low leakage specified @ 150 ° c case temperature • current derating specified @ both case and ambient temperatures • epoxy meets ul 94 v – 0 @ 0.125 in • high temperature glass passivated junction • pb – free packages are available* mechanical characteristics: • case: epoxy, molded • weight: 4.3 grams (approximately) • finish: all external surfaces corrosion resistant and terminal leads are readily solderable • lead temperature for soldering purposes: 260 ° c max for 10 seconds • shipped 30 units per plastic tube

本产品的产品类型是功率二极管，是否进口是是，品牌是ON/安森美，型号是MUR3060PTG，材料是硅(Si)，封装是SOT-93，工作温度范围是-60 ~ 165 ()，针脚数是3Pin，封装形式是直插型，LED封装是无色散射封装(W)，封装材料是金属封装
