

日本白光恒温烙铁 FX-600 白光电烙铁

产品名称	日本白光恒温烙铁 FX-600 白光电烙铁
公司名称	深圳市信之达科技有限公司
价格	450.00/支
规格参数	品牌:HAKKO/白光 型号:FX-600 材质:胶柄电烙铁
公司地址	深圳市宝安区沙井街道上星工业区
联系电话	13148880362

产品详情

供应 hakko fx-600 烙铁 调温焊铁 日本白光恒温烙铁

best suited for soldering of electronic component.

soldering of ic/led and p.w.b.,etc.

superior heat conductivity

t18 series soldering tips feature an redesigned appearance and internal structure that deliver improved heat conductivity. use these soldering tips to achieve great heat recovery without increasing power consumption.

led informs you when the set temperature has been reached.

turn cal to have more accurate temperature

adjust the temperature easily with the control knob

features a temperature controller built into the grip. easily adjust the temperature with a simple turn of the knob.

* accurate temperature control performed even outside the scale.

detach the control knob and lock the temperature setting

temperature setting can be locked by removing the central screw and detaching the control knob. after detaching the control knob, you can change the temperature setting using the dedicated lock key. * designed so that the temperature setting can not be easily changed without using the dedicated lock key.

how to remove the control knob * to avoid any damage to the head of the small screw on the knob,

本产品的品牌是hakko/白光，型号是fx-600，材质是胶柄电烙铁，相数是三相，电流是交流，标配烙铁头是t18-b，驱动形式是电热，动力形式是发热，外形尺寸是27*54，用途是焊接，空载电压是220，使用焊丝直径是1.0
