我厂长期以来从事铅笔业的研究，规模较大，具有雄厚的技术力量。为响应国家保护森林，爱护地球，建设节约型环保社会的号召，在生产纸制环保铅笔的基础上，又成功研制开发了秸秆铅笔一次成型设备和技术（国家专利号zl2008 2 0230809.3）。秸秆铅笔原料成本低、效益高、回报快、一次性消费品，市场永不饱和，属国内首创，具有国际先进水平。zbc-58型多功能秸秆铅笔一次成型机，体积小、耗电低、效益高；具有国际领先水平，简化了木质铅笔，纸制铅笔生产中的繁琐工艺。秸秆铅笔利用价格低廉的锯末或农作物秸秆配制而成，可生产多种规格的铅笔，外表光滑、品种多。生产无噪音、无污染、无毒无味、安全等符合国家标准。设备占地少，单人可操作，日产上万支铅笔，是中小投资者，下岗职工，农村家庭创业及秸秆铅笔厂转产的理想设备，本厂还供纸制铅笔设备，免费培训技术供投资者接产。

i plant for a long time engaged in the pencil industry, on a larger scale, with a strong technical force. in response to the protection of national forest and caring for the earth and building a conservation-minded society called on environmental protection, environmental protection, paper production in pencil on the basis of successfully developed a straw pencil molding equipment and technology. raw materials pencil straws cost-effective, quick, one-time consumer goods, and never saturated the market, is a national initiative with the international advanced level.

zbc-58-type multi-purpose one-time straw pencil machine, small size, low power consumption and high efficiency; international leading level, to simplify the wooden pencil, paper pencil in the production process cumbersome. straw pencil to use low-cost or sawdust from the preparation of crop stalks, can produce a variety of standard pencil, looks smooth and cultivars more. production without noise, pollution-free, non-toxic tasteless

and security in line with the national standards. equipment covers an area of low single operational, nissan, 10,000 pencils, is the small and medium-sized investors, laid-off workers, rural families and start changing the ideal straw qianbi chang, also for the paper pencil factory equipment, technical training for free attended investors.
