

英国曼彻特焊条！NIMROD 625KS焊条！ENiCrMo-3镍基焊条

产品名称	英国曼彻特焊条！NIMROD 625KS焊条！ENiCrMo-3镍基焊条
公司名称	徐州神钢焊接材料有限公司
价格	362.00/个
规格参数	品牌:曼彻特 型号:NIMROD625KS 产地:英国
公司地址	江苏省徐州市泉山区
联系电话	0516-83629882 13645211382

产品详情

processproductdescription
smaw

13.1.bmp

13%cr-1.5%ni electrode

smaw

25.20 super r

rutile electrode for 310 stainless steel

> details

smaw

25.20.l.r

electrode for 310l stainless steel

> details

smaw

2507 xks

25%cr superduplex basic electrode

> details

smaw

29.9 super r

29.9 electrode for dissimilar weld metal

> details

smaw

armet 1

stainless electrode for armour plate

> details

smaw

chromet 1

creep resisting 1crmo (p11) electrode

> details

smaw

chromet 1 vac pack

creep resisting 1crmo (p11) vac pack

> details

smaw

chromet 10mw

electrode for e911 crmo steels

> details

smaw

chromet 12mv

electrode for 12crmov creep resist steel

> details

smaw

chromet 1l

low carbon 1crmo (p11) electrode

> details

smaw

chromet 1v

crmov electrode

> details

smaw

chromet 1x

1crmo electrode with ter for p11 steels

> details

smaw

chromet 2

creep resisting

> details

smaw

chromet 2 vac pack

creep resisting 2crmo (p22) vac pack

> details

smaw

chromet 23l

electrode for type t23 steels

> details

smaw

chromet 2l

crmo creep resisting(p22) electrode

> details

smaw

chromet 2x

2crmo electrode with ter for p22 steels

> details

smaw

chromet 5

creep resisting 5crmo electrode

> details

smaw

chromet 9

creep resisting 9crmo electrode

> details

smaw

chromet 9-b9

mod 9crmo (p91) aws conforming electrode

> details

smaw

chromet 9-b9 (450mm)

mod 9crmo (p91) aws conforming electrode

> details

smaw

chromet 91vnb

mod 9crmo (p91) rooting electrode

> details

smaw

chromet 92

mod 9crmo (p92) electrode

> details

smaw

chromet 9mv-n

mod 9crmo (p91) aws and en conforming

> details

smaw

chromet 9mvn+

mod 9crmo (p91) aws and en conforming

> details

smaw

chromet wb2

electrode for creep resistant b2 steel

> details

smaw

ci soft flow ni

pure ni electrode for cast iron

> details

smaw

ci special cast nife

nife cast iron electrode

> details

smaw

ci-met nife

nife cast iron electrode bi-metal core

hardfacing electrode 650hv

> details

smaw

met hard 650r

160% recovery hardfacing electrode 650hv

> details

smaw

met hard 750ts

electrode for high speed tool steel

> details

smaw

met hard 850

cr carbide hardfacing electrode 850hv

> details

smaw

met hard 950

cr carbide hardfacing electrode 950hv

> details

smaw

met max 307r

high recovery 307 electrode

> details

smaw

mo.b

creep resisting 0.5% mo electrode

> details

smaw

nilsil

low si electrode for galvanising steels

> details

smaw

nimax 182

high recovery nickel base electrode

> details

smaw

nimax b2l

electrode to match alloy b2

> details

smaw

nimax c

high recovery alloy c electrode

> details

smaw

nimrod 132ks

nickel base electrode for alloy 600

> details

smaw

nimrod 182

general purpose nickel base electrode

> details

smaw

nimrod 182ks

general purpose nickel base electrode

> details

smaw

nimrod 190

nickel base electrode for alloy 400

> details

smaw

nimrod 200ti

pure nickel electrode for alloy 200

> details

smaw

nimrod 59ks

all positional electrode for alloy 59

> details

smaw

nimrod 617ks

nickel base electrode for alloy 617

> details

smaw

nimrod 625

downhand electrode for alloy 625

> details

smaw

nimrod 625ks

all positional electrode for alloy 625

> details

smaw

nimrod 657

special electrode for in-657

> details

smaw

nimrod 690ks

nickel base electrode for alloy 690

> details

smaw

nimrod aks

all positional electrode with mo & nb

> details

smaw

nimrod c22ks

nickel base electrode for alloy c22

> details

smaw

nimrod c276

downhand electrode for alloy c276

> details

smaw

nimrod c276ks

all positional electrode for alloy c276

> details

smaw

railrod

electrode for rail welding

> details

smaw

supermet 16.8.2

rutile electrode for 300h stainless

> details

smaw

supermet 2205

22%cr duplex rutile electrode

> details

smaw

supermet 2205 ar

duplex 22% cr

> details

smaw

supermet 2506cu

electrode for matching duplex castings

> details

smaw

supermet 253ma

electrode for alloy 253ma

> details

smaw

supermet 308l

electrode for 304l stainless steels

> details

smaw

supermet 309l

general purpose 309l electrode

> details

smaw

supermet 309mo

general purpose 309mo electrode

> details

smaw

supermet 316l

general purpose 316l electrode

> details

smaw

supermet 318

general purpose 318 electrode

> details

smaw

thermet 22h

electrode for alloy 22h stainless

> details

smaw

thermet 25.35.nb

heat resisting electrode to match cr39w

> details

smaw

thermet 309cf

309 electrode with controlled c/ferrite

> details

smaw

thermet 310h

310h electrode to match hk40

> details

smaw

thermet 35.45.nb

high carbon 35cr-45ni-1nb electrode

> details

smaw

thermet 800nb

electrode to match alloy 800

> details

smaw

thermet hp40nb

electrode to match hp40nb alloys

> details

smaw

thermet hp50wco

electrode for high c cast alloys

> details

smaw

thermet r17.38h

electrode for high c 18/37 alloys

> details

smaw

tuf-met 1ni.b

low alloy 1% ni electrode

> details

smaw

tuf-met 2ni.b

2% nickel electrode

> details

smaw

tuf-met 3ni.b

3.5%ni alloyed electrode

> details

smaw

tuf-met 3nimo

high strength ni-mo electrode

> details

smaw

ultramet 2205

22%cr duplex all positional electrode

> details

smaw

ultramet 2304

positional rutile lean duplex electrode

> details

smaw

ultramet 2507

positional 2507 superduplex electrode

> details

smaw

ultramet 308h

positional rutile 308h electrode

> details

smaw

ultramet 308l

positional rutile 308l electrode

> details

smaw

ultramet 308l(n)

positional 304l electrode

> details

smaw

ultramet 308lcf

304l electrode for cryogenic application

> details

smaw

ultramet 308lp

rutile 308l pipe welding electrod

> details

smaw

ultramet 309l

positional rutile 309l electrode

> details

smaw

ultramet 309l(n)

309 types

> details

smaw

ultramet 309lp

pipewelding rutile 309l electrode

> details

smaw

ultramet 316h

rutile electrode for 316h stainless

> details

smaw

ultramet 316l

positional 316l electrode

> details

smaw

ultramet 316l(n)

positional 316l electrode

> details

smaw

ultramet 316lcf

316l electrode for cryogenic application

> details

smaw

ultramet 316lp

rutile 316l pipe welding electrode

> details

smaw

ultramet 316nf

nil-ferrite modified 316l electrode

> details

smaw

ultramet 317l

positional rutile 317l electrode

> details

smaw

ultramet 347

positional rutile 347 electrode

> details

smaw

ultramet 347(h)

electrode for 321h and 347h stainless

> details

smaw

ultramet 904l

rutile electrode for 904l

> details

smaw

ultramet b308h

basic electrode for 304h stainless steel

> details

smaw

ultramet b308l

basic 308l pipe welding electrode

> details

smaw

ultramet b308lcf

basic 308l cryogenic pipe welding rod

> details

smaw

ultramet b309l

basic 309l pipe welding electrode

> details

smaw

ultramet b309mo

309mo basic coated pipe welding rod

> details

smaw

ultramet b310mn

basic electrode for 310 stainless steel

> details

smaw

ultramet b310moln

electrode for 310moln

> details

smaw

ultramet b316l

basic 316l pipe welding electrode

> details

smaw

ultramet b316lcf

basic 316l cryogenic pipe welding rod

> details

smaw

ultramet b347

basic electrode for 321/347 stainless

> details

smaw

ultramet b347(h)

basic electrode for 321/347h

> details

smaw

ultramild

low strength electrode for repair

> details

smaw

vertamet 309mo

vertical down 309mo electrode

> details

smaw

work hard 13mn

13%mn work hardening electrode

> details

smaw

zeron 100xks

25%cr superduplex zeron 100 electrode

> details

本产品的品牌是曼彻特，型号是NIMROD625KS，产地是英国，类型是镍及镍合金焊条，材质是镍基，焊芯直径是0.8-6.0（mm），药皮性质是碱性焊条，直径是0.8-6.0（mm），长度是300-500（mm），焊接电流是125（A），电流幅度是80-260（A），工作温度是1120（ ），适用范围是NIMROD625KS英国曼

彻特焊条，加工定制是否
