

铝挤压专用耐高温润滑离型剂

产品名称	铝挤压专用耐高温润滑离型剂
公司名称	广州云程自动化设备有限公司
价格	1.00/瓶（罐）
规格参数	品牌:NOVEON 型号:LZ-200 名称:耐高温润滑离型剂
公司地址	广州经济技术开发区沙湾二街13号208A
联系电话	020-82113560 18902335189

产品详情

美国进口铝挤压专用耐高温润滑离型剂

产品描述

NOVEON ceramic protective spray LZ-200

- 1)优越的成膜粘附力
- 2)耐高温，易离型
- 3)抗高压，抗氧化，高绝缘，抗粘黏
- 4)表面光泽明亮

广泛应用于:有色金属挤型工业，润滑，离型，脱模；高温保护，离型润滑，脱模离型，抗氧化保护，金属焊接防焊保护；金属铸造，锻造。

NOVEON ceramic protective spray LZ-200-defense against weld spatter.For manual & robotic Mig/Tig,plasma torches,specifically designed to protect welding consumables,equipment,fixtures and fittings from spatter problems over long periods of time. LZ-200 is supplied in aerosol form and is simple to apply.

Extend the life of welding nozzles with Noveon ceramic protective spray LZ-200,this highly concertrated formula evenly coats the interior and exterior surfaces of your welding nozzle or welding consumables, equipment, fixtures and fittings to abvioid spatter from adhering to their surface. This is an extremely economical solution, as the fine spray

dispenses a thin layer that can provide protection for up to 8 hours. This is the ideal solution for Tig and Mig welding.As LZ-200 can withstand high temperature and can be used in plasma and laser cutting application as well.
