

## GM系列高温灭菌烘箱 箱式干燥设备

产品名称	GM系列高温灭菌烘箱 箱式干燥设备
公司名称	江阴市伟翔机械制造有限公司
价格	360000.00/个
规格参数	加工定制:是 品牌:烘箱 型号:GM
公司地址	无锡市江阴市祝塘镇云顾路工业园区
联系电话	86-51086393730 18036872730

### 产品详情

本机适合于制药行业的“gmp”管理，对药品及器具进行灭菌和干燥。本厂通过积累三十年制造各种烘箱的经验并结合国外经验和国内“gmp”要求，精心设计、制造、提供可靠的gm100系列产品，在医药行业享有盛誉。

the fresh air is sucked through fan and then filtered through primary,secondary and high efficiency. therefore the purification reacone hundred thousand grades. through steam heat exchanger,the temperature of air is raised to air is raised to certain temperature,the heated air is an through filter again and then flows to every layer through left glow divider.it makes the hot air pass through the raw material to be dried everdamp air is sucked from the inclined air channel under the drying tray. parts of damp air are exhusted of out off the oven through centrifuge the other is circled and heated still. in this way the purpose can be realized.

加热方式有蒸气,电.导热油,电加蒸气两用等四种方式.. 使用温度;蒸气加热50~140 ,最高150 ;电加热50~350 ;导热油150~250 温度实行自动控制;并且有记录仪选配; 箱体内部均满焊;各过渡处均采用圆弧过度;无死角. 整机密封性好,独特的导轨密封装置;保证了整机的密封性 进风口配套高效空气过滤器;排湿口配套

中空气过滤器。烘箱内各零部均可快速拆卸,快速安装,以方便清洗; 控制系统备有文本显示器,触摸屏可供选择;整机符合gmp要求。 the heat source used for heating has steam,oil,electricity,both steam and electricity four ways. operation temperature:steam ,50~140 ,max,150 ;electricity,50~350 ;oil,150~250 .

the temperature can be controlled autoatically. moreover it can be recorded through recorder. the inner wall of oven body is welded, every place of transition adapts circular are and no dead angle. the seal property of whole machine is good. being adapted unique guide rail seal apparatus,the seal property can be guaranteed.

the double doors of oven can be assembled and disassembled quickly in order to clean conveniently. the control system has text display and touch screen for your choice.the whole machine is in conformity with requirements of gmp.

型号规格	每次干燥量 (kg)	风机功率 (kw)	耗用蒸汽 (kg/h)	烘车 (辆)	烘盘 (只)	宽×深×高(mm)	上下温差 (°C)
gmp-o	35	0.45	8	/	16	1130 × 1100 × 1750	± 2
gmp-	120	0.45	18	2	48	2300 × 1200 × 2000	± 2
gmp-	240	0.9	36	4	96	2300 × 2200 × 2000	± 2
gmp-	360	1.35	54	6	144	2430 × 2200 × 2000	± 2
gmp-	480	1.8	72	8	192	4460 × 2200 × 2290	± 2

本产品的加工定制是是, 品牌是烘箱, 型号是GM, 操作方式是间歇式, 适用物料是多种可用, 应用领域是制药, 功率是0.45 (kw), 外形尺寸是1.13 × 1.1 × 1.75 (m), 规格是GM
