产品详情

u480 can obdii eobdii code reader

id no.:ctc023

u480 code reader enables you to read and erase the fault codes that related to check engine light and turn off the light. it works on all obd2/eobd compliant vehicles including can bus vehicles.

u480 is a kind of auto device for reading and erasing trouble code in vehicles, sometimes called car reader. though so small, light and handy, which is dynamic and fashionable in design, competitive in price and easy to use.

u480 is specially designed for car owners or diy. with a u480, you may quickly find out trouble causes (troubleshooter) of electronically controlled systems on your car, by simply connecting u480 with the diagnostic socket, via reading the trouble code (dtc) shown on u480, identifying, locating and checking out trouble causes with attached user's manual.

features:

works with all 1996 and newer cars that are obdii compliant(including can protocol)

reads and clears generic and manufacturer specific diagnostic trouble codes (dtcs) and turns off check engine light

supports multiple trouble code requests: generic codes, pending codes and manufacturer's specific codes

1.retrieves vin (vehicle identification no.) on 2002 and newer vehicles that support mode 9

2.highly reliable and accurate

3.easy-to-read crystal-clear backlit 2-line lcd display

4.easy to use with one plug-in

5.stand-alone unit with no need for an additional laptop computer to operate

6.small in size and conveniently fits in your palm performs continuous dtc scan

7.safely communicates with the on-board computer

8.no batteries needed-powered via detachable obd ii cable

specifications:

16-pin obdii standard socket
