The PMC IB2S-A is the activated version of the IB2S, powered by the Bryston Powerpack PP300.

The IB2S-A, like the IB2S, has the addition of the PMC 75 large soft dome mid range unit increases the definition and clarity to the level of the larger monitors in the range with no increase in cabinet size.

Since the launch of the IB2S it has featured worldwide with high profile clients such as Ronald Prent – Galaxy, Kraftwerk – Kling Klang, Teldex Studios – Berlin, JVC – Japan and the list goes on. Its potent performance and unsurpassed definition across the audio spectrum make it the ideal reference monitor for any stereo or surround project.

Features PMC ATL™ (Advanced Transmission Line) with 2 sections 27mm Twin Chamber fabric Soft dome HF with high performance ferro-fluid cooling PMC 75mm Soft Dome mid range PMC 10 " / 250mm carbon fibre & Nomex™ piston driver Phenomenal bass response down to 25Hz Film filter option: HF Roll off 1.5dB, 3dB & Flat Custom speaker stands for optimizing performance 840mm (33") High (sold separately) IB2S-C, Matching low profile center channel (sold separately) SB100, Matching Subwoofer to complete surround system (sold separately)
