QE系列冷却塔：The cooling tower

企鹅冷却塔采用优质PVC散热胶片、且设计形状更有效地延长高温水跟冷却风接触时间，所以冷却效果特佳。外壳底盘采用优质高强度玻璃纤维制成，外形美观，防腐及抵抗外界恶劣环境能力特强，转动及接合部分采用优质原材料加工，大大提高使用寿命及接合强度，客服部提供24小技术及维修售后服务，将大大提高工作效率。

Penguin cooling tower is made of high quality PVC film cooling, shape and design more effectively prolong contact time with high temperature water cooling air, so the cooling effect of fruit is very high. Shell chassis is made of high quality high strength glass fiber, beautiful shape, antiseptic and strong ability to resist external environment, turning and joint part is made of high quality raw materials, improve the service life and joint strength, 24 small technology provided by the customer service and after-sales maintenance services, will greatly improve the work efficiency.
