A Great Company - A Future Of Success American Water Heaters is a leading manufacturer of high-quality water heater products with manufacturing, research and development and corporate offices located in Johnson City, TN. American offers a comprehensive line of residential and commercial water heaters. Centrally Located TEL:021-54147568 The company's Tennessee home is an ideal location to serve America's largest population centers. From its Tennessee warehouse, American products can be delivered to almost any location within North America in a matter of days. A Master Of Manufacturing With modern manufacturing and warehouse facilities and more than 1,000 employees, American can produce thousands of water heaters each day. American employees pride themselves on continuous improvement and exceptional product quality. The company's new automated tank manufacturing line; paint and parts fabrication equipment, quality testing stations, automatic press controls and forming machines have helped to control product manufacturing costs and improve overall quality. The Innovation Leader American's engineering staff is committed to maintaining American's position as the industry's innovation leader. The company has been at the forefront of many energy-saving innovations now common in all water heaters. Recent successes in the development of safer, more energy-efficient, water heater products have firmly established American as the industry's best for safe, reliable low-cost hot water. The Leader In Water Heater Replacement Parts A logical extension of the company's manufacturing operation is its American Parts Supply. Using factory authorized replacement parts, American offers a full line of parts to retailers, professional plumbers and wholesalers worldwide. Customer Focused American's corporate office hosts a well-trained staff of customer service, warranty and technical service representatives who respond quickly to any ordering or service issue. American management, led by Senior VP and General Manager Kevin Wheeler, includes a cadre of sales and marketing professionals to build on the company's leadership in sales to customers worldwide. 美国鹰牌“美国人”公司 (American Water Heater Company) 楷模热水器维修 美国最受欢迎的水热器.....都是在美国本土制造！伟大的公司 - 辉煌的未来 “美国人”热水器公司是优质热水器制造领域的领头人。坐落于美国田纳西州约翰市的“美国人”公司总部
