

东丽TM710-4040 RO膜元件

产品名称	东丽TM710-4040 RO膜元件
公司名称	湘潭雨湖区欧特水处理设备厂
价格	1.00/个
规格参数	型号:TM710-4040 品牌:东丽 进水口径:19 (mm)
公司地址	湘潭市雨湖区建设北路左家湾9号
联系电话	073152570552 15080754700

产品详情

型号	TM710-4040	品牌	东丽
进水口径	19 (mm)	产水量	0.25
规格	4040	工作压力	225 (psi)

selected model: tm710

identification	
time productnumber	tm710
article no.	tm710
manufacturer	
brand	toray
product image	
membrane	
membrane	toray tm 4"
manufacturer type	
membranetype	reverse osmosis
membrane material	polyamide composite
short description	small system ro element for brackish water applications
specification	
boron rejection sw @	%
ph 8 & 5 ppm feed	
membrane area	87ft ²
minimum rejection	99%
minimum permeate	7.6m ³ /d
flow	
membrane	1000 ppm sodiumbisulfite solution
preservation	

specification sheet	080724_tm700.pdf		
boron rejection bw @ ph 10 & 5 ppm feed	%		
feed spacer thickness	mil		
permeate flow	9.1m ³ /d		
rejection	99.7%		
test conditions			
pressure	1.55mpa		
feed concentration nacl	2000ppm		
recovery	15%		
temperature	25 ° c		
additional testconditions			
ph	7		
operating limits			
max. feed pressure	4.1mpa		
max. feed temperature	45 ° c		
max. sdi-15	5		
max. chlorine in feed	0ppm		
feed ph range operation	2 - 11		
feed ph range cleaning	1 - 12		
max. dp / membrane	0.14mpa		
max. dp / vessel	0.4mpa		
dimensions			
membrane diameter	4.0"		
length	40"		
permeate tube diameter	0.750"		
connection type	nd		
technical drawing			
application			
feed water type	well water (brackish)tap watersurface water (brackish)		
membrane group	standard		
application	commercial water treatmentbrackish water treatment
