

## 750nmSLD宽带光源

产品名称	750nmSLD宽带光源
公司名称	上海量青光电技术有限公司
价格	1.00/台
规格参数	品牌:量青光电 型号:SLD宽带光源 激光器:750nm
公司地址	上海市奉贤区奉城镇东街98号13幢1176室(注册地址)
联系电话	021-64778883 17317628715

## 产品详情

### 750nmsld宽带光源

description:

the 750nm sled broadband light source, central wavelength  $750\pm 20$  nm, -3db spectrum width ? 20 nm, output power ? 10 mw. other central wavelengths are available like 650 nm, 790 nm, etc. oem model is well available on customer's special request.

applications:

optical fiber sensing  
optical fiber passive component spectrum testing  
optical fiber grating, filter testing  
optical fiber measurement equipments

features:

selected wavelength  
high spectral stability  
broadband light source

parameters	unit	
part no.	-	lq-sled-750-p-pw-sp
central wavelength	nm	750±20
-3db spectral width	nm	?20
output power	mw	1?5?10?etc
spectral density stability	db	?±0.05db/15 min
output power short-term stability	db	?±0.02db/15 min
output power long-term stability	db	?±0.05db/8 hour
operating mode	-	cw(external modulation is optional)
fiber pigtail	-	single mode smf-28
output connector	-	fc/upc or fc/apc, etc
operating temperature	?	0 ~ 40
storage temperature	?	-20 ~ 70
power supply	-	ac 110/220v±10%, 50hz, 20w
dimensions (l×w×h)	mm	90×70×19 module; 320×220×90 benchtop

remark: stability is tested at room temperature 25 ± 2 after pre-heating 30 minutes.

稳定性激光光源, 内置高功率高带宽的ld激光器。源是一款主要针对工业生产和高校研究设计的高

??????650nm,750nm,800nm,850nm,880nm,980nm,1050nm,1100nm,1180nm,1270nm,1310nm,

1350nm,1390nm,1480nm,1550nm,1620nm,1650nm,1690nm
