

数字微波湿度仪制造商

产品名称	数字微波湿度仪制造商
公司名称	青岛助力机电科技有限公司
价格	14500.00/套
规格参数	品牌:hydronix microwave moisture sensor 型号:Hydro 供应商:青岛助力机电科技
公司地址	青岛市李沧区巨峰路177号
联系电话	0532-84670402 18506399967

产品详情

Moisture Measurement from Hydronix Sensors Hydronix Moisture measurement - Hydronix digital microwave sensors for free flowing materials such as aggregates, concrete, asphalt, feed and grain in bins, silo's与 Hydronix 联系 - 数字微波湿度测量-青岛助力机电科技有限公司荣誉出品。Hydronix湿度传感器是一个独创的微波穿透物料的湿度检测设备。因为它能够以每秒钟扫描25次的速度不停的穿透物料读取物料湿度值从而达到一个实时在线监测的目的。青岛助力机电能够全面支持Hydronix公司的所有产品。作为Hydronix的本地服务商，青岛助力机电致力于提供优良的产品培训和完善的售后服务。

HYDRO-PROBE 微波测湿传感器应用于对料斗中/运输带上的物料湿度进行连续在线测量。传感器定位于料斗颈内/运输带上或其附近，物料在陶瓷面板上滑过，在配料过程中即可测量流动物料湿度。

型号：HP02+配件+探头连接线

品牌：HYDRONIX--青岛助力机电

响应时间S：每秒更新输出 25 次

输出信号：两个可配置的 0-20 毫安或 4-20 毫安电流回路源，分别用于湿度和温度。也可以转换为 0-10 伏直流

供电电源：+15 至 +30 伏直流，4 瓦

探头材质：主体：不锈钢，面板：陶瓷

探头工作温度：0-60

Qingdao zhulitec's reputational Hydronix limited microwave moisture sensor product .These hydronix limited moisture sensor products aims to help customer to read the moisture value on-line for sand,stone ,coal ,asphalt,concrete and other bulk materials in a material flow when we manufacture our product.In these process control stage the moisture value is important and critical to gain our target "fine product" with guaranteed quality .NOW many plant just get the moisture value with labor ,usually the result is behind the production so that the final product of customer can't satisfy us ,so if you are find a method to solve these problems pls feel free to contact Qingdao zhulitec(青岛助力机电) for details.we are happy to help you and discuss with your problem.otherwise we have a lot of brands industrial sensors and instruments to help you ,pls do not hesitate to contact us .0086-18506399967/0086-0532-84670402
