

# 便携式手持式氨气二氧化硫氮氧化物氯化氢语音型中英文

产品名称	便携式手持式氨气二氧化硫氮氧化物氯化氢语音型中英文
公司名称	深圳市吉凯达科技有限公司
价格	.00/吉凯达
规格参数	产品名称:单一/多合一/四合一便携式气体检测仪 检测气体种类:可燃气体/氧气/硫化氢/一氧化碳/氨气等 产品特点:语音型、震动、声光、通讯可定制
公司地址	深圳市宝安区松岗街道红星社区泰兴工业区31栋A301
联系电话	13025409966

## 产品详情

Shenzhen JK Technology Co., Ltd. is a leading provider of portable handheld gas detectors, offering a wide range of innovative products for the detection of various gases. Our latest product, the Single/Multi/Quad Portable Gas Detector, is designed to meet the diverse needs of different industries.

With its advanced technology and user-friendly design, our Single/Multi/Quad Portable Gas Detector is capable of detecting a wide range of gases, including combustible gases, oxygen, hydrogen sulfide, carbon monoxide, and ammonia. This enables users to effectively monitor the air quality and ensure a safe working environment.

One of the key features of our product is its voice prompt function. With this feature, the device can provide real-time voice alerts and reminders to users when abnormal gas levels are detected. This not only enhances the safety of users but also makes the device more user-friendly and easy to operate. Furthermore, the device also comes with vibration, sound and light alarms, providing multiple alarm options to suit different working conditions.

In addition to its alarm functions, our Single/Multi/Quad Portable Gas Detector also supports customizable communication options. This means that users can choose to connect the device to a computer or a network, allowing for remote monitoring and data analysis. This feature is particularly useful for industries that require continuous monitoring of gas levels and real-time data management.

To ensure accuracy and reliability, our Single/Multi/Quad Portable Gas Detector is equipped with high-quality sensors that are capable of detecting gases with great precision. The device also features a long battery life, ensuring uninterrupted operation for extended periods of time. Its compact and lightweight design makes it easy to carry and use in various work environments.

At Shenzhen JK Technology Co., Ltd., we are committed to providing our customers with high-quality products and

excellent services. With our Single/Multi/Quad Portable Gas Detector, we aim to help businesses ensure the safety of their employees and create a healthier working environment. For more information about our product and its specifications, please contact our sales team.
