

HWYGJ02-----全自动外球面轴承压盖机

产品名称	HWYGJ02-----全自动外球面轴承压盖机
公司名称	无锡市惠荣自动化科技有限公司
价格	.00/1
规格参数	品牌:惠荣 型号:HWYGJ02
公司地址	无锡滨湖区梅园徐巷449号
联系电话	0510-85200718 13961888421

产品详情

HWYGJ02-----全自动外球面轴承压盖机

HWYGJ02 -----

Auto outer spherical bearing capping machine

Major functions?

1? Applicable for double-layer double-side cap press of insert bearing with an external bearing diameter of $\varnothing 15\text{mm}-\varnothing 62\text{mm}$.

2? Double-sided pressed into sealed cover, double-sided pressed into the iron dust cover.

3? 4 times check the cover height respectively of double-layer double-side, determine OK or NG according to the setted tolerance.

4? Manufacturing procedures: press the inner sealed the cover on the first side -- cover inspection -- press the outer sealed cover on the first side -- cover inspection -- turn over -- press the inner sealed the cover on the second side -- cover inspection --- press the outer sealed cover on the second side -- cover inspection -- NG ejection -- qualified products being finished.

5? Intelligent operating system, 7 inches true color touching screen , parameters and states information display at the same time, easy to operate

Structuralfeatures?

1?Single use and auto manufacture after being connected with greasing machine are acceptable.

2?Specially designed for layered cover and checking methods according

to the double-layer double-sides characteristics of insert bearing's sealed

cover. Ensuring that every piece of cover are installed accurately.

3?Height check after cover, automatic elimination of NG product.

4?All components using best quality configurations to ensure long term working stability of equipments.

Technical parameters?

Applicable range	ø35-ø62mm
Working efficiency	?4 seconds for one piece
Bearingloading mode	loading plates provision; attachment production
Gland cover	double-layer double-side
check	All cover inspection of 4 sides
Power	220V 50Hz 5A
Air source	0.4MPa
External dimensions	1200x650x1750mm
Weight	350kg
